

**Federal Drug-Free Schools and Campuses Regulations
[Edgar Part 86]**

**GRAMBLING STATE UNIVERSITY'S ANNUAL POLICY
NOTIFICATION/DISTRIBUTION**

As a requirement of these regulations, **GRAMBLING STATE UNIVERSITY** is to disseminate and ensure receipt of the below policy/information to all students, staff, and faculty on an annual basis. This process is formally conducted by the Office of the Vice President of Student Affairs and Enrollment Management via email. Questions concerning this policy and/or alcohol and other drugs programs, interventions and policies may be directed to Mrs. Beverly Crawford, Director of Student Judicial Affairs at crawfordc@gram.edu and 318-274-6149.

Policies – Alcohol, Other Drugs, and Weapons

As an academic community, Grambling State University is committed to providing an environment in which learning and scholarship can flourish. The possession or use of illegal drugs, or the abuse of those which may otherwise be legally possessed, seriously affects the University environment, as well as the individual potential of our students and staff. The University enforces state laws and related University policies, including those prohibiting the following activities on campus.

- A. Providing alcoholic beverages to individuals under 21 or possession or consumption of alcoholic beverages by individuals under 21.
- B. Distribution, possession, or use of illegal drugs or controlled substances.
- C. Possession of firearms or other dangerous weapons.

The abuse of alcohol and other drugs by students, regardless of age and of location (on-campus or off-campus), is prohibited by the Student Code of Conduct. The University can, and will, impose disciplinary sanctions for violations. Students are also subject to city ordinances and state and federal laws. A separate policy addresses violations by University staff.

The University strongly encourages students and staff members to voluntarily obtain assistance for dependency or abuse problems before such behaviors result in an arrest and/or disciplinary referral which might result in their separation from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Code of Conduct or staff expectations, and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

Help is available both on campus and within the community for students and staff members who are dependent on, or who abuse the use of alcohol or other drugs. The Student Counseling and Wellness Resource Center (318-274-3277), Office of Human Resources (318-274-2377, our University Employee Assistance Program), and other professional agencies will maintain the confidentiality of persons seeking help for personal dependency and will not report them to institutional or state authorities. Beverly Crawford, the Office of Student Judicial Affairs,

oversees the alcohol and other drug prevention program. This office provides educational and awareness programming, information and assistance.

Student Sanctions, Alcohol, Other Drugs and Weapons

Underage students confronted by the institution for the consumption of alcohol will face disciplinary sanctions ranging from fines to disciplinary probation.

Students whose use of alcohol or drugs results in harm or the threat of harm to themselves or others, or to property, regardless of the location of the incident, may face disciplinary actions by the University up to and including expulsion.

Testing for the presences of illegal substances may be a condition of any probationary status imposed by the University for violations of drug-related provisions of this policy.

The appropriate authority may require drug- or alcohol-testing for employees and applicants of the safety sensitive and security positions for the following situations: on a random basis, when there is reasonable suspicion that an employee uses drugs, as a follow up to drug counseling or rehabilitation, after an on-the-job accident/incident of serious or potentially serious results and when employees are selected for transfer or promotion to positions identified in Policy #53015-Drug Screening, Appendix I. Testing for substance abuse may be by Breathalyzer, blood, urine or any other appropriate and scientifically accepted tests. All drug testing will include review by a qualified Medical Review Officer (MRO) and a "MRO Positive" result will be considered a positive result. Any student with a positive result, as described above, may face disciplinary action by the University up to and including expulsion.

------	------------------------	--	--

As members of the University community, students are also subject to city ordinances and to state and federal law. Arrest and prosecution for alleged violations of criminal law or city ordinances may result from the same incident for which the University imposes disciplinary sanctions.

Employee Sanctions

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance by employees on University premises, or while conducting University business off University premises, is absolutely prohibited.

Violations of this prohibition by employees may result in the application of sanction, including possible required participation in an approved drug abuse assistance or rehabilitation program, and disciplinary action up to and including termination of employment under applicable University of Louisiana System, Board of Supervisors regulations, University policies, statutes, employment contracts, or collective bargaining agreements.

A Snapshot of Annual High-Risk College Drinking Consequences

- Death: Over 1,825 students ages 18-24 die from alcohol related unintentional injuries including motor vehicle accidents.
- Injury: 599,000 students ages 18-24 are unintentionally injured under the influence of alcohol.
- Assault: More than 696,000 students ages 18-24 are assaulted by another student who has been drinking.
- Sexual Abuse: More than 97,000 students ages 18-24 are victims of a sexual assault or date rape in which alcohol is involved.
- Unsafe Sex: 400,000 students ages 18-24 have unprotected sex and more than 100,000 reports having been too intoxicated to know if they consented to sex.
- Academic Problems: About 25% of college students report academic consequences of their drinking including missing class, doing poorly on exams and receiving lower grades overall.
- Health Problems and Suicide Attempts: More than 150,000 students develop an alcohol related health problem and 1.2 to 1.5 percent of students indicates that they tried to commit suicide within the past year due to drinking.
- Drunk Driving: 2.1 million students between the ages 18 and 24 drove under the influence of alcohol last year.
- Vandalism: About 11 percent of students report that they have damaged property while under the influence.
- Police Involvement: About 5% of 4-year college students are involved with the local or

campus police as a result of their drinking and an estimated 110,000 students between the ages of 18 and 24 are arrested for an alcohol-related violation such as public drunkenness or driving under the influence.

High-Risk Drinking Patterns

High-risk college student drinking includes the following:

- Underage drinking
- Drinking and driving or other activities where the use of alcohol is dangerous.
- Drinking when health conditions or medications make use dangerous.
- Binge Drinking; that is, 5 drinks in a row per occasion for males and 4 for females*
- Moderate drinking by persons of legal drinking age is defined as no more than 2 standard drinks per day for men and 1 drink per day for women.

What is a standard drink?

A standard drink contains approximately 14 grams (0.6 fluid ounces) of pure alcohol.

Federal Drug Laws

The possession, use or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

Denial of Federal Aid (20 USC 1091)

Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can retain eligibility by successfully completing an approved drug rehabilitation program.

Forfeiture of Personal Property and Real Estate (21 USC 853)

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 USC 841)

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range and severity of

federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of a least one (1) year.

Federal Drug Possession (21 USC 844)

Person convicted on Federal charges of possessing any controlled substance face penalties of up to 1 year in prison and a mandatory fine of no less than \$1000 up to a maximum of \$100,000. Second convictions are punishable by not less than 15 days but not more than 2 years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than 3 years in prison and a minimum fine of \$5,000. Possession of drug paraphernalia is punishable by a minimum fine of \$750.

Special sentencing provisions for possession of crack cocaine impose a mandatory prison term of not less than 5 years but not more than 20 years and a fine up to \$250,000 or both if:

- A. It is a first conviction and the amount of crack possessed exceeds 5 grams;
- B. It is a second conviction and the amount of crack possessed exceeds 3 grams;
- C. It is a third or subsequent crack conviction and the amount exceeds 1 gram.

Civil penalties of up to \$10,000 may also be imposed for possession of small amount of controlled substances, whether or not criminal prosecution is pursued.

Counseling and Treatment

Short term alcohol and other drug counseling is available on campus to students through the Student Counseling and Wellness Resource Center @318-274-3277. Students may be referred through the Counseling Center to other treatment programs for more intensive treatment. Through the Office of Human Resources, the Employee Assistance Program offers employees additional education and counseling, as well as appropriate referrals. Within Ruston/Grambling, the following substance abuse counseling agencies exist. Pine Hills Advocacy Center, Sexual Assault Center, P. O. Box 777, Ruston, LA 71273; Crisis Hotline: 1-800-869-1033; Telephone (318) 255-7273 and Domestic Abuse Resistance Team (D.A.R.T) Domestic Abuse Response, Team of Lincoln, P.O. Box 1223, Ruston, LA 71273; Crisis Phone: (318) 251-2255, Telephone: (318) 251-2255 or (318)513-9373; Fax: (318) 254-8230 provide a variety of services.

Pine Hill Advocacy Center

Pine Hill Advocacy Center is dedicated to providing help and healing for survivors of sexual trauma and violent crime, challenging the social dynamics that foster sexual assault, and promoting community awareness of sexual assault issues.

- Provide emotional support to all victims of sexual assault in Lincoln, Union, Jackson, Claiborne, and Bienville
- Parishes, regardless of whether they choose to report the crime to law enforcement
- Supply a medical escort who will accompany the sexual assault survivor to the hospital and remain with them during the examination, evidence collection, and statement to law enforcement
- Provide short-term crisis intervention counseling on an individual basis to the survivor of sexual assault/abuse and their families
- Provide a 24-Hour Crisis Hotline to all individuals in the five parish area
- Offer legal advocacy to assist in criminal prosecution
- Enhance community awareness by providing information on the subject of sexual assault and its effects on the victim and their significant others.

Domestic Violence

The Domestic Abuse Resistance Team (DART) is a non-profit organization whose mission is twofold:

To protect, empower and advocate for all victims, survivors and their children in North Central Louisiana who are affected by domestic and dating violence.

To offer and implement public education programs in regards to the far-reaching consequences of domestic and dating violence.

Safety Planning

DART staff will assist survivors and their children in establishing individually-tailored, survivor-directed safety plans and in updating those plans as the circumstances and the safety needs of the families change.

Safety planning includes assessment of risk, education about high risk times and actions, and emergency response protocols.

Case Management

Domestic violence victims need a variety of community services. DART works with individuals to establish goals and to provide direction and support to obtain their goals. DART also networks with other community agencies to supplement survivor's needs.

Crisis Line

DART provides a 24-hour crisis line to help callers get to a safe location, to provide information, and to answer questions. If you are in need of safety or help, call the DART crisis line at (318) 251.2255 or 1.888.411.1333

Shelter

DART provides safe housing to assist a woman in escaping from a threatening or dangerous situation. Women and their children may stay confidentially for a limited time at no charge. The shelter does not house men, but DART will assist battered men in finding safe places to stay. If you need assistance with emergency safe housing, please contact our shelter at [318] 251.2255.

Supportive Counseling

Trained domestic abuse advocates are available to provide crisis intervention, group, and individual counseling. The program is designed to offer emotional support and information to battered persons. After-work support groups meet weekly. Children's groups meet at the same times as the adult programs. Please call for times and dates of our group meetings and/or to set up an appointment for individual counseling.

Legal Advocacy

DART assists individuals in obtaining legal representation, providing clerical assistance filing protective orders, pressing charges, and working with law enforcement to bring justice to their abusers. The program helps victims understand their legal rights and supports them in their effort to protect their rights. Please call the DART office in your parish for more information on legal advocacy. DART's advocates are not attorneys and cannot give legal advice.

Child Advocacy

DART provides a safe, violence-free environment for residential and non-residential children who have experienced or witnessed abuse. Children's services include individual and group activities. Our Child Advocate works with children on crisis intervention, coping skills, safety, and self-esteem.

The children's program also offers the following activities: school supplies and uniforms, summer camp, and the Christmas Angel Tree.

Community Education

DART is committed to ending domestic violence through education and public awareness. DART's Community Advocate and other staff members are present in the community on a regular basis speaking about domestic violence, dating violence, sexual assault, and children's issues related to domestic violence. DART offers seminars to law enforcement, clergy, and other concerned groups in the community. DART offers speakers to civic, church, and school groups on all facets of domestic violence. Call for more detailed information about scheduling a speaker.

Interested individuals are encouraged to contact each agency for additional information regarding specific services and costs.

Prevention and Education

Through the Office of Student Judicial Affairs, Student Counseling and Wellness Resource Center and University Police Departments they provide the primary leadership of alcohol and other drug prevention and education to individual, group and community programs and interventions administered on our campus.

These agencies provide a variety of services. Summary of Prevention/Education Individuals, Groups and Community Programs and interventions commonly administered on campus includes:

Programs led by trained staff. Programs are primarily focused on an identified prevention issue and keeping young adults healthy. By focusing on prevention before a student has been exposed to illicit substances, the more likely that he or she will avoid problems with drugs, alcohol and smoking in the future.

The Healthy Communities Coalition meets monthly to discuss current substance abuse related issues and trends. As mandated by the Drug-Free Schools and Campuses Act, this policy is distributed to all students, faculty and staff on an annual basis, and every even year a biennial review of the comprehensive alcohol and other drug program is conducted. For more information concerning current programs, interventions and policies, contact Mrs. Beverly Crawford in the Office of Student Judicial Affairs at crawfordb@gram.edu or at 318-274-6149.
