

# BRING IT HOME CAMPAIGN DONOR SPOTLIGHT THOMAS & ROSALYN JONES

GSU Alumnus Thomas and wife Rosalyn Jones recently donated \$5,000 to the "**Bring it Home**"- \$1 Million Initiative. The check was presented at the Grambling University National Alumni Association (GUNAA) convention that was recently held in Los Angeles, California. In recognition of the impact Grambling has had on their lives, the Jones family has always given back and supported the university. Thomas states "Grambling taught me how to be more caring and mature. I am who I am today because of what I learned from the university; more importantly, the faculty cared about me and my future. I challenge all alumni and friends of our university to give back and invest in Grambling State University because an investment in GSU is an investment in our future. We are worldwide and have a legacy of excellence like none other!"

*There's Greatness in Numbers!!! The more alumni and friends that support the university the greater the impact we have!*
