

The Bring It Home Campaign is a partnership between Grambling State University, Grambling University Foundation, Inc. and Grambling University National Alumni Association in an effort to raise \$1 million for continued institutional growth and the execution of the University's mission.

This campaign is focused on improving the University's overall alumni giving ratio. Currently the giving rate is 2.1%. Our greatest strength is in the number of alumni, friends and supporters. The Bring It Home Campaign has a bold and ambitious goal of increasing the institutional giving rate to 20% by 2020. Below is a projection of our anticipated giving rates over the next three (3) fiscal years.
