

GRAMBLING STATE UNIVERSITY TIGER TALES NEWSLETTER RESIDENTIAL LIFE

The naked earth is warm with Spring,
And with green grass and bursting trees
Leans to the sun's kiss glorying,
And quivers in the sunny breeze.

Earth Day

Each year, Earth Day -- April 22 -- marks the anniversary of what many consider the birth of the modern environmental movement in 1970. Earth Day 2011 will be organized around A Billion Acts of Green®: Personal, organizational and corporate pledges to live and act sustainably.

Easter Time

Easter, which celebrates Jesus Christ's resurrection from the dead, is Christianity's most important holiday. It has been called a moveable feast because it doesn't fall on a set date every year, as most holidays do. Instead, Christian churches in the West celebrate Easter on the first Sunday following the full moon after the vernal equinox on March 21. Therefore, Easter is observed anywhere between March 22 and April 25 every year.

Over the years, the mother's role has seen some significant changes. It has always been expected for a mother to dedicate her life to her family, and this made a "good" mother. May 8th, 2011 **Mothers Day 2011** make your mom feel as special as she is.
