Finally, tremendous thanks to the team at McGraw-Hill, listed in full on the copyright page. In addition, we would like to acknowledge the years of enthusiastic encouragement from Rose Arlia and Daniel Lange—McGraw-Hill's book representatives who helped spur us into doing this project. We wish to single out and thank Marge Kemp for believing in this book in its infancy and Joan Weber for her patience and hard work. Special thanks as well to Todd Turner for his skilled oversight of the project and to Lisa Nicks for her marketing efforts.
