CHILDREN'S BUDGET ........................................ 299
AN ACT

Making appropriations for the ordinary expenses of the executive branch of state government, pensions, public schools, public roads, public charities, and state institutions and providing with respect to the expenditure of said appropriations.

Be it enacted by the Legislature of Louisiana:

Section 1. The appropriations in this Act from state revenue shall be payable out of the sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the Louisiana Constitution.

Section 2. All money from federal, interagency, statutory dedications, or self-generated revenues shall be available for expenditure in the amounts herein appropriated. Any increase in such revenues shall be available for allotment and expenditure by an agency on approval of an increase in the appropriation by the commissioner of administration and the Joint Legislative Committee on the Budget. Any increase in such revenues for an agency without an appropriation from the respective revenue source shall be incorporated into the agency's appropriation on approval of the commissioner of administration and the Joint Legislative Committee on the Budget. In the event that these revenues should be less than the amount appropriated, the appropriation shall be reduced accordingly. To the extent that such funds were included in the budget on a matching basis with state funds, a corresponding decrease
in the state matching funds may be made. Any federal funds which are classified as disaster
or emergency may be expended prior to approval of a BA-7 by the Joint Legislative
Committee on the Budget upon the secretary's certifying to the governor that any delay
would be detrimental to the state. The Joint Legislative Committee on the Budget shall be
notified in writing of such declaration and shall meet to consider such action, but if it is
found by the committee that such funds were not needed for an emergency expenditure, such
approval may be withdrawn and any balance remaining shall not be expended.

Section 3.A. Notwithstanding any other law to the contrary, the functions of any
department, agency, program, or budget unit of the executive branch, except functions in
departments, agencies, programs, or budget units of other statewide elected officials, may
be transferred to a different department, agency, program, or budget unit for the purpose of
economizing the operations of state government by executive order of the governor.
Provided, however, that each such transfer must, prior to implementation, be approved by
the commissioner of administration and Joint Legislative Committee on the Budget. Further,
provided that no transfers pursuant to this Section shall violate the provisions of Title 36,
Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is
transferred to any other department, agency, program, or budget unit by other Act or Acts
of the legislature, the commissioner of administration shall make the necessary adjustments
to appropriations through the notification of appropriation process, or through approval of
mid-year adjustments. All such adjustments shall be in strict conformity with the provisions
of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of
administration shall authorize the purchase of any luxury or full-size motor vehicle for
personal assignment by a statewide elected official other than the governor and lieutenant
governor, such official shall first submit the request to the Joint Legislative Committee on
the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such
vehicles as defined or used in rules or guidelines promulgated and implemented by the
Division of Administration.

Section 4. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.
Section 5.A. The program descriptions, account descriptions, general performance information, and the role, scope, and mission statements of postsecondary education institutions contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion in this Act.

B. Unless explicitly stated otherwise, each of the program objectives and the associated performance indicators contained in this Act shall reflect the key performance standards to be achieved for the 2008-2009 Fiscal Year and shall constitute the set of key objectives and key performance indicators which are reportable quarterly for Fiscal Year 2008-2009 under the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23) and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing board or commission is directed by language in this Act to prepare and submit new or modified performance information, including but not limited to key and supporting objectives, performance indicators, and performance standards, such submission shall be in a format and method to be determined by the commissioner of administration. Unless otherwise specified in this Act, the submission of new or modified performance information shall be made no later than August 15, 2008. Such performance information shall be subject to the review and approval of both the Division of Administration and the Joint Legislative Committee on the Budget, or a subcommittee thereof.

Section 6. Unless expressly provided in this Act, funds cannot be transferred between departments or schedules receiving appropriations. However, any unencumbered funds which accrue to an appropriation within a department or schedule of this Act due to policy, programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner of administration and the Joint Legislative Committee on the Budget, be transferred to any other appropriation within that same department or schedule. Each request for the transfer of funds pursuant to this Section shall include full written justification. The commissioner of administration, upon approval by the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds associated with lease agreements between the state and the Office Facilities Corporation.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the Fiscal Year 2007-2008, and to pay a deficit arising there from out of
any revenues accruing to the credit of the state General Fund during the Fiscal Year 2008-
2009, to the extent such deficits are approved by the legislature. In order to conform to the
provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in
accordance with the agreement to be executed between the state and Financial Management
Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release
checks drawn on federally funded appropriations prior to the receipt of funds from the U.S.
Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program are
the total authorized positions for that program. If there are no figures following a
department, agency, or program, the commissioner of administration shall have the authority
to set the number of positions.

(2) Any transfer of personnel pursuant to the authority of this Act or any other law shall
be deemed a transfer of the position from the original budget entity to the budget entity to
which such personnel are transferred.

(3) The commissioner of administration, upon approval of the Joint Legislative
Committee on the Budget, shall have the authority to transfer positions between departments,
agencies, or programs or to increase or decrease positions and associated funding necessary
to effectuate such transfers.

(4) The number of authorized positions approved for each department, agency, or
program as a result of the passage of this Act may be increased by the commissioner of
administration in conjunction with the transfer of functions or funds to that department,
agency, or program when sufficient documentation is presented and the request deemed
valid.

(5) The number of authorized positions approved in this Act for each department,
agency, or program may also be increased by the commissioner of administration when
sufficient documentation of other necessary adjustments is presented and the request is
deemed valid. The total number of such positions so approved by the commissioner of
administration may not be increased in excess of three hundred fifty. However, any request
which reflects an annual aggregate increase in excess of twenty-five positions for any
department, agency, or program must also be approved by the Joint Legislative Committee
on the Budget.
(6) Any employment freezes or related personnel actions which are necessitated as a result of implementation of this Act shall not have a disparate employment effect based on any suspect classification, i.e., race, sex, color, or national origin or any negative impact upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title VII of the 1964 Civil Rights Act, as amended.

B. Orders from the Civil Service Commission or its designated referee which direct an agency to pay attorney's fees for a successful appeal by an employee may be paid out of an agency's appropriation from the expenditure category professional services; provided, however, that an individual expenditure pursuant to this Subsection may not exceed $1,500 in accordance with Civil Service Rule 13.35(a).

C. The budget request of any agency with an appropriation level of thirty million dollars or more shall include, within its existing table of organization, positions which perform the function of internal auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group Benefits becomes effective during Fiscal Year 2008-2009, each budget unit contained in this Act shall pay out of its appropriation an amount no less than 75% of total premiums for all active employees and those retirees with Medicare in accordance with R.S. 42:851(A)(1) for the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase adopted by the Joint Legislative Committee on Retirement as recommended by the Public Retirement Systems' Actuarial Committee becomes effective before or during Fiscal Year 2008-2009, each budget unit shall pay out of its appropriation funds necessary to satisfy the requirements of such increase.

Section 9. In the event the governor shall veto any line-item of expenditure and such veto shall be upheld by the legislature, the commissioner of administration shall withhold from the department's, agency's, or program's funds an amount equal to the veto. The commissioner of administration shall determine how much of such withholdings shall be from the state General Fund.

Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of the constitution, if at any time during Fiscal Year 2008-2009 the official budget status report
indicates that appropriations will exceed the official revenue forecast, the governor shall
have full power to reduce appropriations in accordance with R.S. 39:75.

B. The governor shall have the authority within any month of the fiscal year to direct
the commissioner of administration to disapprove warrants drawn upon the state treasury for
appropriations contained in this Act which are in excess of amounts approved by the
governor in accordance with R.S. 39:74.

C. The governor may also, and in addition to the other powers set forth herein, issue
executive orders in a combination of any of the foregoing means for the purpose of
preventing the occurrence of a deficit.

D.(1) The commissioner of administration is authorized to substitute the means of
financing for one time expenditures in this Act which are funded with State General Fund
(Direct) to the State General Fund by Statutory Dedications out of the 2004 Overcollection
Fund in an amount not to exceed $60,000,000 so that nonrecurring expenses are more
properly funded with revenues which are nonrecurring.

(2) The commissioner of administration is authorized to substitute the means of
financing for recurring expenditures in this Act which are funded with revenues which are
nonrecurring in an amount not to exceed $60,000,000 so that recurring expenses are more
properly funded with revenues which are recurring.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner
of administration shall make such technical adjustments as are necessary in the interagency
transfers means of financing and expenditure categories of the appropriations in this Act to
result in a balance between each transfer of funds from one budget unit to another budget
unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this
balance and shall in no way have the effect of changing the intended level of funding for a
program or budget unit of this Act.

Section 12.A. For the purpose of paying appropriations made herein, all revenues due
the state in Fiscal Year 2008-2009 shall be credited by the collecting agency to Fiscal Year
2008-2009 provided such revenues are received in time to liquidate obligations incurred
during Fiscal Year 2008-2009.

B. A state board or commission shall have the authority to expend only those funds that
are appropriated in this Act, except those boards or commissions which are solely supported
from private donations or which function as port commissions, levee boards or professional
and trade organizations.

Section 13.A. Notwithstanding any other law to the contrary, including any provision
of any appropriation act or any capital outlay act, no special appropriation enacted at any
session of the legislature, except the specific appropriations acts for the payment of
judgments against the state, of legal expenses, and of back supplemental pay, the
appropriation act for the expenses of the judiciary, and the appropriation act for expenses of
the legislature, its committees, and any other items listed therein, shall have preference and
priority over any of the items in the General Appropriation Act or the Capital Outlay Act for
any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable
from any specific statutory dedication, such appropriations shall be allocated and distributed
by the state treasurer in accordance with the order of priority specified or provided in the law
establishing such statutory dedication and if there is no such order of priority such
appropriations shall be allocated and distributed as otherwise provided by any provision of
law including this or any other act of the legislature appropriating funds from the state
treasury.

C. In accordance with R.S. 49:314.B(1),(2) appropriations from the Transportation Trust
Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority.
In the event revenues being received in the state treasury and being credited to the fund
which is the source of payment of any appropriation in such acts are insufficient to fully fund
the appropriations made from such fund source, the treasurer shall allocate money for the
payment of warrants drawn on such appropriations against such fund source during the fiscal
year on the basis of the ratio which the amount of such appropriation bears to the total
amount of appropriations from such fund source contained in both acts.

Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
any local or parish salaries or salary supplements to which the personnel affected would be
ordinarily entitled.

Section 15. Any unexpended or unencumbered reward monies received by any state
agency during Prior Fiscal Years pursuant to the Exceptional Performance and Efficiency
Incentive Program may be carried forward for expenditure in Fiscal Year 2008-2009, in
accordance with the respective resolution granting the reward. The commissioner of
administration shall implement any internal budgetary adjustments necessary to effectuate
incorporation of these monies into the respective agencies' budgets for Fiscal Year 2008-
2009, and shall provide a summary list of all such adjustments to the Performance Review
Subcommittee of the Joint Legislative Committee on the Budget by September 17, 2008.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act
for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions
shall not affect the remaining provisions of the Act, and the legislature hereby declares that
it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part
thereof, irrespective of the fact that one or more of the sections, subsections, clauses,
sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the
provisions of this Act are hereby declared severable.

Section 17. All BA-7 budget transactions, including relevant changes to performance
information, submitted in accordance with this Act or any other provisions of law which
require approval by the Joint Legislative Committee on the Budget or joint approval by the
commissioner of administration and the Joint Legislative Committee on the Budget shall be
submitted to the commissioner of administration, Joint Legislative Committee on the Budget
and Legislative Fiscal Office a minimum of sixteen working days prior to consideration by
the Joint Legislative Committee on the Budget. Each submission must include full
justification of the transaction requested, but submission in accordance with this deadline
shall not be the sole determinant of whether the item is actually placed on the agenda for a
hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in
accordance with the provisions of this Section shall only be considered by the commissioner
of administration and Joint Legislative Committee on the Budget when extreme
circumstances requiring immediate action exist.

17(A). Notwithstanding any contrary provision of this Act or any contrary provision of
law, no funds appropriated by this Act shall be released or provided to any recipient of an
appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to
comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse
to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension
of time granted by the legislative auditor to the recipient to comply. The legislative auditor
is authorized to grant an extension of time to comply with the provisions of R.S. 24:513 for
recipient entities of an appropriation contained in this Act.

Section 18.A. Except for the conditions set forth in Subsection B of this Section, the
following sums or so much thereof as may be necessary are hereby appropriated out of any
monies in the state treasury from the sources specified; from federal funds payable to the
state by the United States Treasury; or from funds belonging to the State of Louisiana and/or
collected by boards, commissions, departments, and agencies thereof, for purposes specified
herein for the year commencing July 1, 2008, and ending June 30, 2009. Funds appropriated
to auxiliary accounts herein shall be from prior and current year collections, with the
exception of state General Fund direct. The commissioner of administration is hereby
authorized and directed to correct the means of financing and expenditures for any
appropriation contained in Schedule 20-901 - Sales Tax Dedications to reflect the enactment
of any law enacted in any 2008 session of the Legislature which affects any such means of
financing or expenditure. Further provided with regard to auxiliary funds, that excess cash
funds, excluding cash funds arising from working capital advances, shall be invested by the
state treasurer with the interest proceeds therefrom credited to each account and not
transferred to the state General Fund. This Act shall be subject to all conditions set forth in
Title 39 of the Louisiana Revised Statutes of 1950 as amended.

B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public
agency or entity which is not a budget unit of the state unless the intended recipient of those
funds presents a comprehensive budget to the legislative auditor and the transferring agency
showing all anticipated uses of the appropriation, an estimate of the duration of the project,
and a plan showing specific goals and objectives for the use of such funds, including
measures of performance. In addition, and prior to making such expenditure, the transferring
agency shall require each recipient to agree in writing to provide written reports to the
transferring agency at least every six months concerning the use of the funds and the specific
goals and objectives for the use of the funds. In the event the transferring agency determines
that the recipient failed to use the funds set forth in its budget within the estimated duration
of the project or failed to reasonably achieve its specific goals and objectives for the use of
the funds, the transferring agency shall demand that any unexpended funds be returned to
the state treasury unless approval to retain the funds is obtained from the division of
administration and the Joint Legislative Committee on the Budget. Each recipient shall be
audited in accordance with R.S. 24:513. If the amount of the public funds received by the
provider is below the amount for which an audit is required under R.S. 24:513, the
transferring agency shall monitor and evaluate the use of the funds to ensure effective
achievement of the goals and objectives.

(2) Transfers to public or quasi-public agencies or entities that have submitted a budget
request to the division of administration in accordance with Part II of Chapter 1 of Title 39
of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of
the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local
governing authorities shall be exempt from the provisions of this Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name
of an entity subject to Paragraph (B) of this Section is misspelled or misstated in this Act or
any other Act, the state treasurer may pay the funds appropriated to the entity without
obtaining the approval of the Joint Legislative Committee on the Budget, but only after the
entity has provided proof of its correct legal name to the state treasurer and transmitted a
copy to the staffs of the House Committee on Appropriations and the Senate Committee on
Finance.

(4) Notwithstanding the provisions of this Section, this Act, or any other law to the
contrary, there is hereby imposed the Louisiana Department of the Treasury Reducing
Irritating Paperwork Strategy (RIPS) as provided for in this Paragraph. Any reports or other
information required by the Department of the Treasury before it transfers appropriated
funds pursuant to this Act shall not exceed that which can be contained on one sheet of 8.5"
by 14” paper, with print no less than a ten point font.

SCHEDULE 09
DEPARTMENT OF HEALTH AND HOSPITALS

For Fiscal Year 2008-2009, cash generated by each budget unit within Schedule 09 may be pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit may expend more revenues than are appropriated to it in this Act except upon the approval
of the Division of Administration and the Joint Legislative Committee on the Budget, or as may otherwise be provided for by law.

In the event the department projects that expenditures in the Medical Vendor Payments program may exceed the level appropriated in this Schedule, the department shall notify the Joint Legislative Committee on the Budget. The secretary shall, subject to the review and approval of the Joint Legislative Committee on the Budget, implement reductions in the Medicaid program as necessary to control expenditures to the level appropriated in this Schedule. Notwithstanding any law to the contrary, the secretary is hereby directed to utilize various cost-containment measures to accomplish these reductions, including but not limited to precertification, preadmission screening, diversion, fraud control, utilization review and management, prior authorization, service limitations and other measures as allowed by federal law. Notwithstanding any law to the contrary and specifically R.S. 39:82(E), for Fiscal Year 2008-2009 any over-collected funds, including interagency transfers, fees and self-generated revenues, federal funds, and surplus statutory dedicated funds generated and collected by any agency in Schedule 09 for Fiscal Year 2007-2008 may be carried forward and expended in Fiscal Year 2008-2009 in the Medical Vendor Program. Revenues from refunds and recoveries in the Medical Vendor Program are authorized to be expended in Fiscal Year 2008-2009. No such carried forward funds, which are in excess of those appropriated in this Act, may be expended without the express approval of the Division of Administration and the Joint Legislative Committee on the Budget.

Notwithstanding any law to the contrary, the secretary of the Department of Health and Hospitals may transfer, with the approval of the commissioner of administration via midyear budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and associated personal services funding if necessary from one budget unit to any other budget unit and/or between programs within any budget unit within this schedule. Not more than an aggregate of 100 positions and associated personal services may be transferred between budget units and/or programs within a budget unit without the approval of the Joint Legislative Committee on the Budget.

Notwithstanding any provision of law to the contrary, the secretary of the Department of Health and Hospitals is authorized to transfer, with the approval of the commissioner of administration through midyear budget adjustments, funds and authorized positions from one budget unit to any other budget unit and/or between programs within any budget unit within this schedule. Such transfers shall be made solely to provide for the effective delivery of services by the department, promote efficiencies and enhance the cost effective delivery of services. Not more than 75 authorized positions in the aggregate, together with personnel costs, and other funds not to exceed six million dollars may be transferred pursuant to this authority. The secretary and the commissioner shall promptly notify the Joint Legislative Committee on the Budget of any such transfer.

In the event this Act provides for increases or decreases in funds for agencies within Schedule 09 that would impact services provided by 09-300 (Jefferson Parish Human Services Authority), 09-301 (Florida Parishes Human Services Authority), 09-302 (Capital Area Human Services District), and 09-304 (Metropolitan Human Services District), the commissioner of administration is authorized to transfer funds on a pro rata basis within the budget units contained in Schedule 09 in order to effect such changes. The commissioner shall provide written documentation of all such transfers approved after the initial notifications of the appropriation to the Joint Legislative Committee on the Budget.

The department shall submit a plan detailing the programmatic allocations of appropriations for the Medical Vendor Program in this Act to the Joint Legislative Committee on the Budget for its review no later than October 1, 2008, and monthly thereafter. The report shall present a detailed account of actual Medical Vendor Program expenditures for Fiscal Year 2007-2008 from schedule 09-306; this report shall include the department's most recent projection of comparable Medical Vendor Program expenditures for Fiscal Year 2008-2009.

09-306 MEDICAL VENDOR PAYMENTS

EXPENDITURES:
Payments to Private Providers - Authorized Positions (0) $4,512,552,279

Program Description: Provides payments to private providers of health services to Louisiana residents who are eligible for Title XIX (Medicaid), while ensuring that reimbursements to providers of medical services to Medicaid recipients are appropriate.

Objective: To reduce the rate of growth of expenditures for drugs in the DHH Pharmacy Benefits Management Program by maintaining the prior authorization (PA) program with updates to the preferred drug list (PDL) and obtaining supplemental rebates from drug manufacturers resulting in significant cost avoidance for the program.

Performance Indicator:
Amount of cost avoidance (in millions) $88.1

Payments to Public Providers - Authorized Positions (0) $ 742,339,619

Program Description: Provides payments to public providers of health care services to Louisiana residents who are eligible for Title XIX (Medicaid), while ensuring that reimbursements to providers of medical services to Medicaid recipients are appropriate.

Objective: To encourage all Medicaid enrollees to obtain appropriate preventive and primary care in order to improve their overall health and quality of life as shown by well-visits and asthma measures.

Performance Indicators:
Percentage of children that have at least six well-visits within the first 15 months of life 43%
Percentage of adults, aged 20-44 years old that have at least one preventive care visit per year 10%
Percentage of Medicaid enrollees, aged 5-56 years old identified as having persistent asthma who were appropriately prescribed asthma medication 87%

Medicare Buy-Ins and Supplements - Authorized Positions (0) $ 306,043,875

Program Description: Provides medical insurance for indigent elderly people, who are eligible for both Medicare and Medicaid, by paying the Medicare premiums. This avoids potential additional Medicaid costs for those eligible individuals who cannot afford to pay their own “out-of-pocket” Medicare costs.

Objective: To save the State of Louisiana a minimum of $300 million by purchasing Medicare premiums for elderly, indigent citizens, rather than reimbursing the total cost of their health care each year.

Performance Indicators:
Total number of Buy-In eligibles (Part A & B) 161,254
Total savings (cost of care less premium costs for Medicare benefits) $790,000,000

Objective: To enroll people into the Louisiana Health Insurance Premium Payment (LaHIPP) program by reimbursing for employee sponsored insurance (ESI) for those that are working with a Medicaid eligible person in the home and is determined to be cost effective.

Performance Indicators:
Number of cases added in LaHIPP 400
1 Uncompensated Care Costs  - Authorized Positions (0) $1,003,675,951

2 Program Description: Payments to inpatient medical care providers serving a disproportionately large number of poor clients. Hospitals are reimbursed for their uncompensated care costs associated with the free care which they provide.

3 Objective: To encourage hospitals and other providers to provide access to medical care for the uninsured and reduce the reliance on the State General Fund by collecting disproportionate share (DSH) payments.

32 Provided, however, that the Department of Health and Hospitals may, to control expenditures to the level appropriated herein for the Medical Vendor Payments program, negotiate supplemental rebates for the Medicaid pharmacy program in conjunction with the preferred drug list. In these negotiations, the preferred drug list may be adjusted to limit brand name drug products in each therapeutic category. Provided, further, that the Department of Health and Hospitals may redefine the reimbursement methodology for multiple source drugs in establishing the state maximum allowable cost (MAC) in order to control expenditures to the level appropriated in this schedule for the Medical Vendor Payments program. Prior to implementing any alterations to the Medicaid pharmacy program as described herein to control expenditures in the Medicaid Vendor Payments program, the department shall first submit to the Joint Legislative Committee on the Budget a detailed plan for its review and approval.

37 Provided, however, that the Department of Health and Hospitals shall, subject to the review and approval of the Joint Legislative Committee on the Budget, develop cost containment strategies to control the escalating costs of the New Opportunities Waiver (NOW) in order that the continued provision of community based services for citizens with developmental disabilities is not jeopardized.

48 Provided however that the Department of Health and Hospitals shall authorize expenditure of funds for additional Rural Health Clinics only in those areas which the department determines have a demonstrated need for clinics.

51 Provided, however, that of the monies appropriated herein for Uncompensated Care Costs for non-rural community hospitals, $7,000,000 shall be allocated to hospitals having distinct part psychiatric units with an uninsured rate of 3.5% or greater, who may also participate in any other disproportionate share hospital uninsured pool for which they qualify.
Uncompensated Care Cost payments to non-rural community hospitals located in the New Orleans and Lake Charles Metropolitan Statistical Areas (MSA) shall be calculated as follows:

If the hospital's qualifying uninsured cost is less than 3.5 percent of total hospital cost, the payment shall be 30 percent of qualifying uninsured cost.

If the hospital's qualifying uninsured cost is equal to or greater than 3.5 percent of the total hospital cost but less than 6.5 percent of total hospital cost, the payment shall be 50 percent of qualifying uninsured cost.

If the hospital's qualifying uninsured cost is equal to or greater than 6.5 percent of total hospital cost but less than or equal to 8 percent of total hospital cost, the payment shall be 80 percent of qualifying uninsured cost.

If the hospital's qualifying uninsured cost is greater than 8 percent of total hospital cost, the payment shall be 90 percent of qualifying uninsured cost for the portion in excess of 8 percent of total hospital cost and 80 percent of qualifying uninsured cost for the portion equal to 8 percent of total hospital cost.

Uncompensated Care Cost payments to non-rural community hospitals located in all other areas of the state shall be calculated as follows:

If the hospital's qualifying uninsured cost is less than 3.5 percent of total hospital cost, no payment shall be made.

If the hospital's qualifying uninsured cost is equal to or greater than 3.5 percent of total hospital cost but less than 6.5 percent of total hospital cost, the payment shall be 50 percent of an amount equal to the difference between the total qualifying uninsured cost as a percent of total hospital cost and 3.5 percent of total hospital cost.

If the hospital's qualifying uninsured cost is equal to or greater than 6.5 percent of total hospital cost but less than or equal to 8 percent of total hospital cost, the payment shall be 80 percent of an amount equal to the difference between the total qualifying uninsured cost as a percent of total hospital cost and 3.5 percent of total hospital cost.

If the hospital's qualifying uninsured cost is greater than 8 percent of total hospital cost, the payment shall be 90 percent of qualifying uninsured cost for the portion in excess of 8 percent of total hospital cost and 80 percent of an amount equal to 4.5 percent of total hospital cost.

Provided, however, that for purposes of these payments to non-rural community hospitals, the secretary of the Department of Health and Hospitals shall determine relevant cost amounts based on cost reports filed for the applicable cost report year.

As a condition of qualification for these payments, hospitals shall submit to the Department of Health and Hospitals supporting patient-specific data in a format to be defined by the secretary, reports on their efforts to collect reimbursement for medical services from patients to reduce gross uninsured costs, and their most current year-end financial statements. Those hospitals that fail to provide such statements shall receive no payments, and any payments previously made shall be refunded to the Department of Health and Hospitals.

In the event that the total payments calculated for all recipient hospitals are anticipated to exceed the total amount appropriated for such purpose, the secretary shall reduce payments on a pro rata basis in order to achieve a total cost that is not in excess of the amounts herein appropriated for this purpose.

Provided, further, that "qualifying uninsured costs" as used for this distribution shall mean the hospital's total charges for care provided to uninsured patients multiplied by the hospital's appropriate cost-to-charge ratio for the applicable cost report period.
Provided, further, any funding not distributed pursuant to the methodology for non-rural community hospitals Uncompensated Care Costs established herein shall be reallocated to hospitals meeting the following criteria: (1) a qualifying acute care hospital that is classified as a major teaching hospital and is contractually affiliated with a university located within the state of Louisiana that is recognized by the Centers for Disease Control and Prevention and the Health Resource and Services Administration, Maternal and Child Health Bureau as maintaining a Comprehensive Hemophilia Center; or (2) a qualifying acute care hospital that is classified as a major teaching hospital operating a comprehensive Burn Unit consisting of dedicated pediatric and adult beds solely for the provision of Burn related services, including the provision of Intensive Care services, and is classified as a special reimbursement category by the Department of Health and Hospitals. Qualifying hospitals shall submit program cost information as required by the Department of Health and Hospitals.

Provided, further, any funding not distributed pursuant to the methodology for non-rural community hospitals Uncompensated Care Costs established herein shall be reallocated to hospitals participating in these payments that also qualify under the statutorily mandated federal Medicaid disproportionate share formula. These funds shall be distributed among these hospitals in relation to their reported Medicaid inpatient days.

Public provider participation in financing:
The Department of Health and Hospitals hereinafter the "department", shall only make Title XIX (Medicaid) claim payments to non-state public hospitals, excluding small rural hospitals as defined in R.S. 40:1300.143, that certify matching funds for their Title XIX claim payments and provide certification of incurred uncompensated care costs (UCC) that qualify for public expenditures which are eligible for federal financial participation under Title XIX of the Social Security Act to the department. The certification for Title XIX claims payment match and the certification of UCC shall be in a form satisfactory to the department and provided to the department no later than October 1, 2008. Non-state public hospitals, that fail to make such certifications by October 1, 2008, may not receive Title XIX claim payments or any UCC payments until the department receives the required certifications.

Provided, however, that of the total funding appropriated herein to the Payments to Private Providers Program, the Department of Health and Hospitals shall pay a separate prospective per diem rate for well baby care that is rendered to infants who are discharged from the hospital at the same time as their mother. This per diem rate for well baby care shall be available to all private hospitals that perform more than 1,500 Medicaid deliveries per fiscal year. Provided, further, that the rate shall be the lesser of actual costs as documented on the last finalized cost report, or the rate for a nursery boarder.

Provided, however, that of the monies appropriated herein for Payments to Private Providers, $900,000 shall be allocated to a waiver program that will provide preterm labor management services to Medicaid-eligible women with high risk pregnancies.

Provided, further, that the secretary of the Department of Health and Hospitals shall seek the necessary Medicaid waivers to implement this program.

Provided, however, that monies appropriated herein to the Payments to Private Providers Program shall include payments to chiropractic physicians for medically necessary chiropractic manipulative treatment (identified by CPT codes 98940, 98941, 98942, and 98943), as well as other medically necessary services provided to Medicaid beneficiaries, regardless of age, that fall within the scope of the licensed chiropractic profession and for which payment is made to other private providers.

Provided, further, that the Department of Health and Hospitals shall promulgate the necessary rules to accomplish inclusion of chiropractic coverage with an effective date of November 1, 2008. CPT codes 98940, 98941, and 98942 shall be reimbursed at 100% of the Medicare allowable charge for each service.

Child Welfare Services - Authorized Positions (1,851) $260,905,020

Program Description: Provides services designed to promote safety, the well-being of children, and stability and permanence for foster children in the custody of the Office of Community Services. The child protection investigation activity investigates reports of child abuse and neglect and substantiates an average of about 28% of the cases investigated. Should a report be validated, the child and family are provided social services within the resources available to the department, which may include protective day care, with the focus of keeping the family intact. If the child remains at risk for serious endangerment or substantially threatened or impaired due to abuse or neglect while in the family home (s)he is removed, enters into a permanency planning process, and is placed into state custody in a relative placement, foster home or therapeutic residential setting. Adoption services are provided to children permanently removed from their homes, and free for adoption. Other services offered by the agency include foster and adoptive recruitment and training of foster and adoptive parents, subsidies for adoptive parents of special needs children, and child care quality assurance. This program also manages federally funded assistance payments to local governments to operate homeless shelters.

Objective: To increase by 25% the number of placement resources that meet the needs of foster children to improve permanency and placement stability by June 30, 2010.

Performance Indicators:

- Percentage of children in care less than 12 months with no more than 2 placements 75.5%
- Percentage of the foster care population on June 30 who had: 1 original placement 14.00%, 2-3 placements 46.00%, 4 or more placements 45.00%
Objective: To increase the number, type, and geographical distribution of services that meet the permanency and well being needs of children who are served by the agency by 10% by Fiscal Year 2010.

Performance Indicators:
Median length of stay in care for children entering care for the first time (in months) 12
Percentage of children adopted in less than 24 months from latest removal 25.6%
Number of children available for adoption at June 30 350

Objective: To improve the outcomes of safety, permanency and well being in each major program area of Child Protection Investigations, Family Services, Foster Care, and Adoption by the end of Fiscal Year 2010.

Higher Education

The following sums are hereby appropriated for the payment of operating expenses associated with carrying out the functions of postsecondary education.

In accordance with Article VIII, Section 12 of the Constitution, and in acknowledgment of the responsibilities which are vested in the management boards of postsecondary education, all appropriations for postsecondary education institutions which are part of a university and college system are made to their respective management boards and shall be administered by the same management boards and used solely as provided by law.

Out of the funds appropriated herein for postsecondary education to the Louisiana State University Board of Supervisors, Southern University Board of Supervisors, University of Louisiana Board of Supervisors and the Louisiana Community and Technical Colleges Board of Supervisors, the amounts shall be allocated to each postsecondary education institution within the respective system as provided herein. Allocations of Total Financing to institutions within each system may be adjusted as authorized for program transfers in accordance with R.S. 39:73 as long as the total system appropriation of Means of Finance and the institution allocations of State General Fund remain unchanged in order to effectively utilize the appropriation authority provided herein for Fees and Self-generated Revenues, Interagency Transfers and Federal Funds for each system.

 Provided, however, that the funds specifically appropriated in Fiscal Year 2007-2008 to assist Louisiana's Higher Education public postsecondary institutions meet the challenges
related to uncertain enrollment levels and financial stability and recovery efforts that remain unexpended by June 30, 2008, shall hereby be carried forward into Fiscal Year 2008-2009 by each management board for the continued implementation of this initiative.

Provided, however, in the event that any legislative instrument of the 2008 Regular Session of the Legislature providing for an increase in tuition and mandatory attendance fees is enacted into law, such funds resulting from the implementation of such enacted legislation in Fiscal Year 2008-2009 shall be included as part of the appropriation for the respective public postsecondary education management board.

Each management board has the authority to manage and supervise the postsecondary institutions under its jurisdiction. Responsibilities include the following: to employ and/or approve the employment and establish and/or approve the salary of board and university personnel; to actively seek and accept donations, bequests, or other forms of financial assistance; to set tuition and fees; to award certificates, confer degrees, and issue diplomas; to buy, lease, and/or sell property and equipment; to enter into contractual arrangements on behalf of the institutions; to adopt academic calendars; to sue and be sued; to establish and enforce operational policies for the board and institutions; and to perform other such functions as are necessary or incidental to the supervision and management of their respective system.

MASTER/Strategic Plan for Postsecondary Education: In accordance with Article VIII, Section 5(D)(4) of the Constitution and Act 1465 of 1997, the most recently revised Master Plan for Postsecondary Education identifies three primary goals: (1) increase opportunities for student access and success, (2) ensure quality and accountability, and (3) enhance services to community and state. Through the specification of the role, scope, and mission of each postsecondary institution and the adoption of a selective admissions framework, objective targets have been identified. Subsequent strategic and operational plans will reflect regional and institutional strategies for attainment of these statewide goals.

Formula: The Board of Regents is constitutionally required to develop a formula for the equitable distribution of funds to the institutions of postsecondary education. The board has adopted a mission-driven formula for two-year and four-year institutions, with separate funding formulas/plans for the Louisiana Technical College, medicine, veterinary medicine, law, agricultural, research, and public service programs that consists of an operational funding plan that includes three broad components: Core Funding; Quality/Campus Improvement and State Priorities Funding, including Workforce and Economic Development; and Performance Incentive Funding.

In the development of the core funding component of the formula funding strategy, the following goals were identified: addressing equity concerns; recognizing differences in institutional missions; encouraging some campuses to grow and others to raise admission standards; and recognizing special programs. To address these goals, the formula core funding component includes as ingredients: mission related funding targets, a high cost academic program factor, an enrollment factor, and allowance for special programs.

The quality component of the formula allows for: targeting resources to strategic programs, connecting funding policies with values and strategies identified in the Master Plan for Postsecondary Education, allocating resources to support the state's economic development goals, encouraging private investment, encouraging efficiencies and good management practices, and providing resources to support a quality learning environment.

The performance component of the formula is designed to promote performance evaluation and functional accountability. The Board of Regents will continue to develop appropriate evaluation mechanisms in the following areas: student charges/costs, student advancement, program viability, faculty activity, administration, and mission specific goals unique to each institution.

The other sources of revenues used to fund the operations of institutions are fees and self-generated revenues, primarily consisting of tuition and mandatory fees, interagency transfers from other state agencies, statutory dedications and unrestricted federal funds.

Role, Scope, and Mission Statement: The research at the Pennington Biomedical Research Center is multifaceted, yet focused on a single mission - promote longer, healthier lives through nutritional research and preventive medicine. The center's mission is to attack chronic diseases such as cancer, heart disease, diabetes, and stroke before they become killers. The process begins with basic research in cellular and molecular biology, progresses to tissues and organ physiology, and is extended to whole body biology and behavior. The research is then applied to human volunteers in a clinical setting. Ultimately, findings are extended to communities and large populations and then shared with scientists and spread to consumers across the world through public education programs and commercial applications.

Grambling State University

State General Fund $ 30,468,921
Total Financing $ 56,809,327

Role, Scope, and Mission Statement: Grambling State University is a comprehensive, historically-black, public institution that offers a broad spectrum of undergraduate and graduate programs of study. Through its undergraduate major courses of study, which are under girded by a traditional liberal arts program, and through its graduate school, which has a decidedly professional focus, the university embraces its founding principle of educational opportunity. The university affords each student the opportunity to pursue any program of study provided that the student makes reasonable progress and demonstrates that progress in standard ways. Grambling fosters in its students a commitment to service and to the improvement in the quality of life for all persons. The university expects that all persons who matriculate and who are employed at Grambling will reflect through their study and work that the University is indeed a place where all persons are valued, "where everybody is somebody."

Section 20. The provisions of this Act shall become effective on July 1, 2008.

SPEAKER OF THE HOUSE OF REPRESENTATIVES

PRESIDENT OF THE SENATE

GOVERNOR OF THE STATE OF LOUISIANA

APPROVED: ______________________
VETO MESSAGE

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 258 items or provisions of the General Appropriation Bill. I respectfully request that you deliver on my behalf the following message to the members of the legislature:

We are making tremendous progress toward creating a New Louisiana. Just as you worked tirelessly during our first special session on ethics reform and our second special session to cut taxes and invest in our state’s infrastructure, the reforms passed in the regular session are sweeping and historic. Indeed, this budget passed by the legislature takes on some of the biggest challenges in our state: investing in workforce development, teacher pay raises, securing our communities, increasing access to quality health care, and helping those experiencing a mental health care crisis.

On the very first day of the regular session, we began working together on a plan to tackle these challenges, and our victories have been remarkable. We wanted to connect the more than 100,000 existing job opportunities in our state with our skilled workers right here at home. We knew that the struggle to find skilled workers ranked among the top concerns for roughly 70 percent of businesses looking to expand or invest in Louisiana.

Your efforts to overhaul our workforce development system in this session will have an incredible impact in the lives of Louisiana children for generations to come. We were determined to move bureaucracy and government out of the driver’s seat of workforce policy, and instead have the needs of businesses and workers drive our programs. Because of that determination, we successfully eliminated the Department of Labor and instead created the Louisiana Workforce Commission to match the needs of businesses with workers and to ensure our workers have the skills they need to succeed in the workplace.

You know that our role in enhancing education does not end at the schoolroom door after elementary school, or middle school, or high school, or college. To best prepare our children to take on the challenges of tomorrow and to compete in the global workforce, we have to ensure that they have the very best training and experience that businesses demand. This means looking beyond each individual grade level and envisioning the entire future of our children by investing in dual track educational opportunities that allow kids to get a jumpstart on college credits, and expanding the technical programs being offered in middle schools and high schools to begin to match students with jobs.

Overhauling the workforce development system in our state was our top priority in the regular session, and we put our money where our mouth is by investing in bold reforms. In addition to aggressive policy reforms, this budget invests $10 million in the LCTCS Workforce Training Rapid Response Fund - an annual training fund to support high-demand, high-cost training programs at LCTCS in accordance with market demand and employment projections.

This budget also invests $3 million in the creation of the Louisiana Fast Start Program, which is based on the nationally recognized Georgia model, and works to enhance Louisiana’s business development efforts by delivering comprehensive workforce training services that help companies customize job-specific training for their workforce needs. Additionally, in this session, we created the Business Retention and Expansion Program as part of our workforce development package, which includes a $400,000 investment to cultivate Louisiana’s existing businesses by aggressively pursuing business retention and expansion prospects.

To address the critical educational component in our workforce system, we invested $4 million in dual enrollment programs, which allow students to earn credit for college courses and workforce training programs while still in high school; and, we invested $4.5 million in the Department of Education to expand career and technical education programs being offered in middle schools and high schools.

To be sure, there is still much more work to be done in reforming our workforce development system, but thanks to the critical investments in this budget, we are off to an incredible start.
In addition to the key investments in workforce development, this budget also directs $89 million to support mental health care services in the state. This funding is part of a comprehensive package of bills that works to reform our mental health care system in Louisiana by creating a single point of entry system that can work quickly to assess the needs of individuals who may be a danger to themselves or others. Creating Crisis Receiving Centers, expanding Human Services Districts, and passing Nicola’s Law to provide services for an individual when they will not seek them voluntarily, are all vital components to putting these millions of dollars in mental health care funding to work.

Beyond mental health care reforms, this budget also supports the use of electronic health records to decrease avoidable medical errors and help doctors and nurses spend more time with the patients that need their care. We know that studies show that up to 100,000 Americans die every year from avoidable medical errors, and that nurses spend an hour filing out paperwork for every hour they provide care, in many hospital settings. Together, we committed to ending this disturbing trend, and invested $18 million in funding for electronic medical records in this budget.

One of the facts we all agree on is that the most important thing we need in every classroom in our state is a qualified teacher. To support our teachers, this budget increases teacher pay on average by $1,000. Additionally, we invested $10 million toward Student Scholarships to expand educational opportunities in our state. This budget also invests $10 million in Flexible Pay for Rural School Districts, and fully funds the funding formula for Louisiana colleges and universities.

To further combat crime in Louisiana and support the laws passed in this session to double and increase by five-fold our penalties on sex offenders and those monsters that prey on our kids, this budget increases funding for our crime labs by $1.8 million so we can speed up the backlog of cases awaiting prosecution. Additionally, this budget includes funding for more than 50 new state troopers out on our state’s roadways to reduce auto accidents and fatalities.

There is no doubt that this budget makes incredible, and some truly historic, investments in the priorities of our state. That said, it is a reality that there will always be more good projects than there is state money to support them. I believe that it is my duty to safeguard taxpayer money to ensure that we are funding true state priorities, and not individual special interests. In order to do this, over the past weeks, we have worked for many hours on many days and weekends to review the projects funded in this budget. We examined the information available on each project to weigh its impact and to consider its purpose in meeting the challenges in our state. This process is a critical part of supporting our efforts to create a New Louisiana where our children do not have to leave home to pursue their dreams.

For the funding of non-governmental organizations, we weighed each project according to the four criteria we outlined earlier in the session, which stated that the project:

- Must have statewide or substantial regional impact;
- Must have been presented/openly discussed during the legislative session;
- Must be a state agency priority; and
- Must have the proper disclosure form published online prior to consideration for funding (consistent with information provided in the House disclosure form).

Many non-governmental projects included in this budget did not meet these criteria, and therefore, were vetoed from the bill. In some cases, projects lacked regional impact, or were not supportive of state priorities. In others, there simply was not enough accountability and performance measures available. This does not mean that all of these projects were without benefit, but instead, this veto process recognizes and honors our commitment to the taxpayers of Louisiana to best invest their hard-earned money in our state priorities in order to strengthen and grow our state.

The people of Louisiana have called on us to reduce wasteful spending to better invest in state priorities, and together we have answered. In this budget already, working together, we have completely eliminated the state’s long-held, unhealthy reliance on “one-time” revenue for recurring expenditures. We eliminated 984 vacant state government positions at an estimated savings of $58 million, and we just recently ended our sixth month hiring freeze.
on state government, which saved the state $39 million.

Our quest for savings and the most efficient use of taxpayer money did not start with this budget, and it will not end here either. Together, we will continue to work to wisely invest taxpayer money in our state’s priorities by supporting bold reforms that grow our economy, create jobs, increase our quality of education, and strengthen the quality and availability of health care.

This budget has made incredible progress in these areas already; however, for those projects which were not determined to have substantial regional or statewide impact, or to address our priorities, I have vetoed them from this bill as follows:
