Dear Future Gramblinite,

We want to remind you that you were conditionally admitted to Grambling State University for the 2013 fall semester because your ACT/SAT English or Math scores did not meet the admission requirement. You were given three options to meet the test score requirement prior to the start of the semester. You must satisfactorily complete one of those options before you will be allowed to register for classes at Grambling State University for the fall 2013 semester.

As a reminder, your options are:

**Option 1:** Retake the ACT or SAT for a higher score. If you take the ACT, you must score at least 18 on the English OR 19 on the Math. If you take the SAT, you must score 450 on the Verbal OR 460 on the Math. You must have the new scores sent to us. They can be faxed to 318-274-3292.

**Option 2:** Attend a community college this summer to take a Math or English course. Upon completion of the course, you must have the school send an official transcript to us. **Note:** If you are currently enrolled in a community college for the required English or math course, you may send an “in progress” transcript from the school showing your enrollment in the course. This will allow you to proceed with registration, pending receipt of an official transcript showing successful completion of the course.

**Option 3:** Take the ACT Compass exam and score at least 68 on the Writing component OR 40 on the Algebra component. You must have the test results sent to us.

We understand that finding a testing location has been difficult for some of you. Therefore, we have made plans to offer the compass exam on our campus, as an option to satisfy the conditions of your acceptance. The ACT compass exam will be offered on the following dates for those students who have received conditional acceptance notifications from GSU. **You must register online for the desired exam date.** To register online, please click the link at the bottom of this letter.

<table>
<thead>
<tr>
<th>Session</th>
<th>Date</th>
<th>Deadline to Register Online</th>
<th>Location for Exam</th>
<th>Time of Exam</th>
</tr>
</thead>
<tbody>
<tr>
<td>Session I</td>
<td>June 19, 2013</td>
<td>June 17, 2013</td>
<td>Jacob T. Stewart – 3rd Floor</td>
<td>10:00am &amp; 2:00pm</td>
</tr>
<tr>
<td>Session II</td>
<td>July 1, 2013</td>
<td>June 27, 2013</td>
<td>Jacob T. Stewart – 3rd Floor</td>
<td>10:00am &amp; 2:00pm</td>
</tr>
<tr>
<td>Session III</td>
<td>July 24, 2013</td>
<td>July 21, 2013</td>
<td>Jacob T. Stewart – 3rd Floor</td>
<td>10:00am &amp; 2:00pm</td>
</tr>
</tbody>
</table>

Exam results will be available later the same day. If you meet the required Writing or Algebra score, you will be permitted to complete the early registration process the next day. If you do not meet the required score on the compass exam, you will not be permitted to complete registration. We have attached some sample ACT compass questions for you to study prior to taking the exam. (Click here for sample compass questions.)

If the proximity of your home to the campus requires you to stay overnight, you will have the option to purchase on-campus housing for $35 (all inclusive of room and meals). On-campus housing is only available for the student. Parents and other visitors are welcome to purchase meals in the campus dining hall at a cost of $6.

You must bring an official photo ID for admittance to the testing center (NO PHOTOCOPIES). Book bags and cell phones are not allowed. Only the student will be allowed in the testing center.

How do you know if you are required to take the ACT compass exam? If you are a new freshman, and
- You took the ACT but did not score at least 18 on the ACT English or 19 on the ACT Math.
- You took the SAT but did not score at least 450 on the Verbal (Critical Reading) or 460 on the Math.
- You did not take English or Math as dual enrollment courses in high school.
- You have not (or will not) take an English or Math course at a community college.

If you have met either of the above requirements since you initially received your conditional acceptance, you must fax the requirements to us at 318-274-3292 so that we can update your file.

**Please remember that you must meet the required score in order to complete registration at Grambling State University for the 2013 fall semester.**

We look forward to seeing you on campus soon!

**Annie Moss**

Director of Admissions

Mathematics

Numerical Skills/Pre-Algebra
Algebra
Note to Students

Welcome to the COMPASS Sample Mathematics Test!

You are about to look at some sample test questions as you prepare to take the actual COMPASS test. The examples in this booklet are similar to the kinds of test questions you are likely to see when you take the actual COMPASS test. Since this is a practice exercise, you will answer just a few questions and you won’t receive a real test score. The answer key follows the sample questions.

Once you are ready to take the actual COMPASS test, you need to know that the test is computer delivered and untimed—that is, you may work at your own pace. After you complete the test, you can get a score report to help you make good choices when you register for college classes.

We hope you benefit from these sample questions, and we wish you success as you pursue your education and career goals!

Note to Parents

The test questions in this sample set are similar to the kinds of test questions your son or daughter will encounter when they take the actual COMPASS test. Since these questions are only for practice, they do not produce a test score; students answer more questions on the actual test. The aim of this booklet is to give a sense of the kinds of questions examinees will face and their level of difficulty. There is an answer key at the end.
COMPASS Mathematics Tests

The COMPASS Mathematics Tests are organized around five principal content domains: numerical skills/prealgebra, algebra, college algebra, geometry, and trigonometry. To ensure variety in the content and complexity of items within each domain, COMPASS includes mathematics items of three general levels of cognitive complexity: basic skills, application, and analysis. A basic skills item can be solved by performing a sequence of basic operations. An application item involves applying sequences of basic operations to novel settings or in complex ways. An analysis item requires students to demonstrate a conceptual understanding of the principles and relationships relevant to particular mathematical operations. Items in each of the content domains sample extensively from these three cognitive levels.

Students are permitted to use calculators on all current Windows® and Internet versions of COMPASS Mathematics Tests. Calculators must, however, meet ACT’s specifications, which are the same for COMPASS and the ACT Assessment. These specifications are updated periodically and can be found at ACT’s website at http://www.act.org/aap/taking/calculator.html
Numerical Skills/Prealgebra and Algebra Tests

Numerical Skills/Prealgebra Placement Test

Questions in the Numerical Skills/Prealgebra Placement Test range in content from basic arithmetic concepts and skills to the knowledge and skills considered prerequisites for a first algebra course. The Numerical Skills/Prealgebra Placement Test includes items from more than a dozen content areas; however, a majority of the questions come from the following categories:

1. Operations with Integers
2. Operations with Fractions
3. Operations with Decimals
4. Positive Integer Exponents, Square Roots, and Scientific Notation
5. Ratios and Proportions
6. Percentages
7. Averages (Means, Medians, and Modes)

Sample items for each of these categories are presented later in this section.

Algebra Placement Test

The Algebra Placement Test is composed of items from three curricular areas: elementary algebra, coordinate geometry, and intermediate algebra. Each of these three areas is further subdivided into a number of more specific content areas. Overall, the Algebra Placement Test includes items from more than 20 content areas; however, the majority of test questions fall within the following eight content areas:

1. Substituting Values into Algebraic Expressions
2. Setting Up Equations for Given Situations
3. Basic Operations with Polynomials
4. Factoring Polynomials
5. Linear Equations in One Variable
6. Exponents and Radicals
7. Rational Expressions
8. Linear Equations in Two Variables

Sample items for each of these categories are presented later in this section.
Numerical Skills/Prealgebra Placement Test Sample Items

Numerical Skills/Prealgebra

1. $54 - 6 \div 2 + 6 = ?$
   
   A. 6
   B. 24
   C. 27
   D. 30
   E. 57

2. The lowest temperature on a winter morning was $-8^\circ F$. Later that same day the temperature reached a high of $24^\circ F$. By how many degrees Fahrenheit did the temperature increase?
   
   A. $3^\circ$
   B. $8^\circ$
   C. $16^\circ$
   D. $24^\circ$
   E. $32^\circ$

3. If $\left(\frac{3}{4} - \frac{2}{3}\right) + \left(\frac{1}{2} + \frac{1}{3}\right)$ is calculated and the answer reduced to simplest terms, what is the denominator of the resulting fraction?
   
   A. 24
   B. 12
   C. 6
   D. 4
   E. 3

4. $\frac{1}{2} + \left(\frac{2}{3} \div \frac{3}{4}\right) - \left(\frac{4}{5} \times \frac{5}{6}\right) = ?$
   
   A. $\frac{1}{16}$
   B. $\frac{17}{27}$
   C. $\frac{13}{18}$
   D. $\frac{7}{9}$
   E. $\frac{5}{6}$
5. Mr. Brown went grocery shopping to buy meat for his annual office picnic. He bought \( \frac{7}{4} \) pounds of hamburger, 17.85 pounds of chicken, and \( 6 \frac{1}{2} \) pounds of steak. How many pounds of meat did Mr. Brown buy?

A. 32.10  
B. 31.31  
C. 26.25  
D. 22.10  
E. 21.10

6. Four students about to purchase concert tickets for $18.50 for each ticket discover that they may purchase a block of 5 tickets for $80.00. How much would each of the 4 save if they can get a fifth person to join them and the 5 people equally divide the price of the 5-ticket block?

A. $ 1.50  
B. $ 2.50  
C. $ 3.13  
D. $10.00  
E. $12.50

7. In scientific notation, \( 20,000 + 3,400,000 = ? \)

A. \( 3.42 \times 10^6 \)  
B. \( 3.60 \times 10^6 \)  
C. \( 3.42 \times 10^7 \)  
D. \( 3.60 \times 10^7 \)  
E. \( 3.60 \times 10^{12} \)

8. Saying that \( 4 < \sqrt{x} < 9 \) is equivalent to saying what about \( x \)?

A. \( 0 < x < 5 \)  
B. \( 0 < x < 65 \)  
C. \( 2 < x < 3 \)  
D. \( 4 < x < 9 \)  
E. \( 16 < x < 81 \)
9. What value of $x$ solves the following proportion?

\[ \frac{9}{6} = \frac{x}{8} \]

A. \(5 \frac{1}{3}\)  
B. \(6 \frac{3}{4}\)  
C. \(10 \frac{1}{2}\)  
D. 11  
E. 12

10. If the total cost of $x$ apples is $b$ cents, what is a general formula for the cost, in cents, of $y$ apples?

A. \(\frac{b}{xy}\)  
B. \(\frac{x}{by}\)  
C. \(\frac{xy}{b}\)  
D. \(\frac{by}{x}\)  
E. \(\frac{bx}{y}\)

11. On a math test, 12 students earned an A. This number is exactly 25% of the total number of students in the class. How many students are in the class?

A. 15  
B. 16  
C. 21  
D. 30  
E. 48

12. This year, 75% of the graduating class of Harriet Tubman High School had taken at least 8 math courses. Of the remaining class members, 60% had taken 6 or 7 math courses. What percent of the graduating class had taken fewer than 6 math courses?

A. 0%  
B. 10%  
C. 15%  
D. 30%  
E. 45%
13. Adam tried to compute the average of his 7 test scores. He mistakenly divided the correct sum of all of his test scores by 6, which yielded 84. What is Adam’s correct average test score?

A. 70  
B. 72  
C. 84  
D. 96  
E. 98

14. A total of 50 juniors and seniors were given a mathematics test. The 35 juniors attained an average score of 80 while the 15 seniors attained an average of 70. What was the average score for all 50 students who took the test?

A. 73  
B. 75  
C. 76  
D. 77  
E. 78

Algebra Placement Test Sample Items

Algebra

1. If \( x = -3 \), what is the value of \( \frac{x^2-1}{x+1} \)?
   A. \(-4\)
   B. \(-2\)
   C. \(2\)
   D. \(3 \frac{2}{3}\)
   E. \(5\)

2. Doctors use the term maximum heart rate (MHR) when referring to the quantity found by starting with 220 beats per minute and subtracting 1 beat per minute for each year of a person’s age. Doctors recommend exercising 3 or 4 times each week for at least 20 minutes with your heart rate increased from its resting heart rate (RHR) to its training heart rate (THR), where

   \[ THR = RHR + .65(MHR - RHR) \]

Which of the following is closest to the THR of a 43-year-old person whose RHR is 54 beats per minute?

   A. 197
   B. 169
   C. 162
   D. 134
   E. 80

3. When getting into shape by exercising, the subject’s maximum recommended number of heartbeats per minute (\( h \)) can be determined by subtracting the subject’s age (\( a \)) from 220 and then taking 75% of that value. This relation is expressed by which of the following formulas?

   A. \( h = .75(220 - a) \)
   B. \( h = .75(220) - a \)
   C. \( h = 220 - .75a \)
   D. \(.75h = 220 - a\)
   E. \(220 = .75(h - a)\)
4. An airplane flew for 8 hours at an airspeed of $x$ miles per hour (mph), and for 7 more hours at 325 mph. If the average airspeed for the entire flight was 350 mph, which of the following equations could be used to find $x$?

A. $x + 325 = 2(350)$  
B. $x + 7(325) = 15(350)$  
C. $8x - 7(325) = 350$  
D. $8x + 7(325) = 2(350)$  
E. $8x + 7(325) = 15(350)$

5. Which of the following is equivalent to $3a + 4b - (-6a - 3b)$?

A. $16ab$  
B. $-3a + b$  
C. $-3a + 7b$  
D. $9a + b$  
E. $9a + 7b$

6. What is the sum of the polynomials $3a^2b + 2a^2b^2$ and $-ab^2 + a^2b^2$?

A. $3a^2b - ab^2 + 3a^2b^2$  
B. $3a^2b - ab^2 + 2a^2b^2$  
C. $2a^2b + 3a^2b^2$  
D. $2a^2b^3 + 2a^4b^4$  
E. $-3a^3b^3 + 2a^4b$

7. Which of the following is a factor of the polynomial $x^2 - x - 20$?

A. $x - 5$  
B. $x - 4$  
C. $x + 2$  
D. $x + 5$  
E. $x + 10$

8. Which of the following is a factor of $x^2 - 5x - 6$?

A. $(x + 2)$  
B. $(x - 6)$  
C. $(x - 3)$  
D. $(x - 2)$  
E. $(x - 1)$
9. If $2(x - 5) = -11$, then $x = ?$

A. $\frac{-21}{2}$
B. $-8$
C. $\frac{-11}{2}$
D. $-3$
E. $\frac{-1}{2}$

10. If \( \frac{4}{5} + \left(-\frac{3}{10}\right) = x + 1\frac{1}{2} \), then $x = ?$

A. 2
B. 1
C. $-1$
D. $-2$
E. $-10$

11. For all nonzero $r$, $t$, and $z$ values, $\frac{16r^3t^3z}{-4rt^2z^3} = ?$

A. $-\frac{4z^3}{r^2t^2}$
B. $-\frac{4r^2z^3}{t}$
C. $-\frac{4r}{t}$
D. $-4r^4t^4z^7$
E. $-4r^2t^2z^3$

12. For all $x > 0$ and $y > 0$, the radical expression $\frac{\sqrt{x}}{3\sqrt{x} - \sqrt{y}}$ is equivalent to:

A. $\frac{3x - \sqrt{xy}}{9x + y}$
B. $\frac{3x - \sqrt{xy}}{3x + y}$
C. $\frac{3x + \sqrt{xy}}{9x - y}$
D. $\frac{3x + \sqrt{xy}}{3x - y}$
E. $\frac{x}{3x - y}$
13. For all $x \neq -4$, which of the following is equivalent to the expression below?

\[
\frac{x^2 + 12x + 32}{x + 4}
\]

A. $x + 3$
B. $x + 8$
C. $x + 11$
D. $x + 16$
E. $x + 28$

14. Which of the following is a simplified expression equal to $\frac{9 - x^2}{x - 3}$ for all $x < -3$?

A. $3x$
B. $x + 3$
C. $x - 3$
D. $-x + 3$
E. $-x - 3$

15. What is the slope of the line with the equation $2x + 3y + 6 = 0$?

A. $-6$
B. $-3$
C. $-2$
D. $-\frac{2}{3}$
E. $\frac{2}{3}$

16. Point $A$ $(-4,1)$ is in the standard $(x,y)$ coordinate plane. What must be the coordinates of point $B$ so that the line $x = 2$ is the perpendicular bisector of $\overline{AB}$?

A. $(-6, 1)$
B. $(-4,-1)$
C. $(-4, 3)$
D. $(-2, 1)$
E. $(8, 1)$

COMPASS/ESL

Sample Test Questions—
A Guide for Students and Parents

Writing Skills
Note to Students

Welcome to the COMPASS Sample Writing Skills Test!

You are about to look at some sample test questions as you prepare to take the actual COMPASS test. The examples in this booklet are similar to the kinds of test questions you are likely to see when you take the actual COMPASS test. Since this is a practice exercise, you will answer just a few questions and you won't receive a real test score. The answer key follows the sample questions.

Once you are ready to take the actual COMPASS test, you need to know that the test is computer delivered and untimed—that is, you may work at your own pace. After you complete the test, you can get a score report to help you make good choices when you register for college classes.

We hope you benefit from these sample questions, and we wish you success as you pursue your education and career goals!

Note to Parents

The test questions in this sample set are similar to the kinds of test questions your son or daughter will encounter when they take the actual COMPASS test. Since these questions are only for practice, they do not produce a test score; students answer more questions on the actual test. The aim of this booklet is to give a sense of the kinds of questions examinees will face and their level of difficulty. There is an answer key at the end.
COMPASS Writing Skills Sample Test Questions

The Writing Skills Placement Test presents one or more passages, each containing several errors. When an error is detected in a passage, clicking on that section of the passage brings up several alternative segments of text from which a more appropriate segment can be selected and inserted automatically into the text. Items in the Writing Skills Placement Test assess basic knowledge and skills in usage and mechanics (e.g., punctuation, basic grammar and usage, and sentence structure) as well as more rhetorical skills such as writing strategy, organization, and style. Samples of items from these knowledge and skill areas are provided in the following pages.

Note that in the sample passages that follow, each section is numbered. In the computerized COMPASS Writing Skills Placement Test, sections are not numbered; instead, errors are identified by moving the cursor to the section of text in which an error is identified and then clicking the left mouse button to make the alternative text options appear. Also note that for each set of answer options, option A is always identical to the text as it appears in the passage. As such, option A represents “no change.”
Sample Passage #1

Grameen Bank

Bangladesh’s economy is based primarily on small-scale enterprises ran by self-employed men and women. These small-business owners, who make a living as shopkeepers or providers of services, face a problem common to proprietors everywhere: lack of access to credit, particularly among the early start-up phase of an enterprise. Credit, which allows people to obtain the resources and equipment he needs to make his business productive, is often, frequently unavailable to those who possess little collateral. Thus, many people which would benefit from credit are denied access to it.

The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who was a fine soccer player in his youth, provides the only unique alternative via loans to prospective business owners, whether they are given only to those who fall below a certain level of assets. Instead of putting up collateral, Grameen customers are accountable with one another, congregating in small groups that meet as a week.
If one member will fail to repay a loan, the entire group is unable to obtain credit in the future thus, group members have a strong incentive to succeed and support others in the group. In the last twenty years, the Grameen Bank has lent two billion dollars, and his customers have repaid 97 percent of their loans. Such results have led to the creation of similar programs.

**Item 1.**
A. Bangladesh's economy is based primarily on small-scale
B. Bangladesh's economy's is based primarily on small-scale
C. Bangladesh's economies' are based primarily on small-scale
D. Bangladesh's economys' is based primarily on small-scale
E. Bangladesh's economies' is based primarily on small-scale

**Item 2.**
A. enterprises ran by self-employed men and women.
B. enterprises run by self-employed men and women.
C. enterprises have run by self-employed men and women.
D. enterprises was run by self-employed men and women.
E. enterprises had been run by self-employed men and women.
Writing Skills Placement Test Sample Items

Item 3.
A. These small-business owners, who make a living as shopkeepers or providers of services,
B. These small-business owners, who make a living, as shopkeepers or providers of services
C. These small-business owners, who make a living as shopkeepers, or providers of services
D. These small-business owners who make a living as shopkeepers or providers of services,
E. These small-business owners; who make a living as shopkeepers or providers of services,

Item 4.
A. face a problem common to proprietors everywhere: lack of access to credit,
B. face a problem common to proprietors everywhere: lack of access credit,
C. face a problem common to proprietors everywhere: lack of access from credit,
D. face a problem common to proprietors everywhere: lack of access in credit,
E. face a problem common to proprietors everywhere: lack of access for credit,

Item 5.
A. particularly among the early start-up phase of an enterprise.
B. particularly between the early start-up phase of an enterprise.
C. particularly below the early start-up phase of an enterprise.
D. particularly during the early start-up phase of an enterprise.
E. particularly now the early start-up phase of an enterprise.

Item 6.
A. Credit, which allows people to obtain the resources and equipment he needs to make his business productive,
B. Credit, which allows people to obtain the resources and equipment they need to make their businesses productive,
C. Credit, which allows people to obtain the resources and equipment we need to make our business productive,
D. Credit, which allows people to obtain the resources and equipment one needs to make our business productive,
E. Credit, which allows people to obtain the resources and equipment you need to make one's business productive,
Item 7.

A. is often, frequently unavailable to those who possess little collateral.
B. is often unavailable many times to those who possess little collateral.
C. is often unavailable to those who possess little collateral.
D. is often unavailable frequently to those who possess little collateral.
E. is often unavailable, all the time, to those who possess little collateral.

Item 8.

A. Thus, many
B. Although, many
C. Nevertheless, many
D. Since, many
E. Anyway, many

Item 9.

A. people which would benefit from credit
B. people whom would benefit from credit
C. people whose would benefit from credit
D. people who's would benefit from credit
E. people who would benefit from credit

Item 10.

A. are denied access to it.
B. are denying access to it.
C. deny access to it.
D. denied access to it.
E. there is access denied to it.
Item 11.

A. The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who was a fine soccer player in his youth, provides

B. The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who visited the University of Michigan, provides

C. The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who studied economics at a highly regarded university, provides

D. The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who is married and has three children, provides

E. The Grameen Bank, founded in 1976 by economist Muhammad Yunis, who returned to Bangladesh in 1972, provides

Item 12.

A. the only unique alternative

B. the sole unique alternative

C. the lone unique alternative

D. a unique alternative

E. the exclusive unique alternative

Item 13.

A. via loans to prospective business owners, whether they are given only to those who fall below a certain level of assets.

B. via loans to prospective business owners, which are given only to those who fall below a certain level of assets.

C. via loans to prospective business owners are given only to those who fall below a certain level of assets.

D. via loans to prospective business owners. Which are given only to those who fall below a certain level of assets.

E. via loans to prospective business owners, when given only to those who fall below a certain level of assets.
Item 14.
A. Instead of putting up collateral, Grameen customers are accountable with one another,
B. Instead of putting up collateral, Grameen customers are accountable in one another,
C. Instead of putting up collateral, Grameen customers are accountable one another,
D. Instead of putting up collateral, Grameen customers are accountable at one another,
E. Instead of putting up collateral, Grameen customers are accountable to one another,

Item 15.
A. congregating in
B. and congregation in
C. congregate in
D. so congregating in
E. congregating between

Item 16.
A. small groups that meet as a week.
B. small groups that meet every weekly.
C. small weekly groups that meet.
D. small groups that meet weekly.
E. small groups weekly each meet.

Item 17.
A. If one member will fail to repay a loan, the entire group is unable to obtain credit
B. If one member fails to repay a loan, the entire group is unable to obtain credit
C. If one member do fail to repay a loan, the entire group is unable to obtain credit
D. If one member is fail to repay a loan, the entire group is unable to obtain credit
E. If one member failing to repay a loan, the entire group is unable to obtain credit
Item 18.
A. in the future thus, group members have a strong incentive to succeed and support  
B. in the future and thus, group members have a strong incentive to succeed and support  
C. in the future, thus, group members have a strong incentive to succeed and support  
D. in the future, and, thus, group members have a strong incentive to succeed and support  
E. in the future; thus, group members have a strong incentive to succeed and support

Item 19.
A. others in the group. In the last twenty years, the Grameen Bank has lent two billion dollars,  
B. others in the group. In the last twenty years, the Grameen Bank has lended two billion dollars,  
C. others in the group. In the last twenty years, the Grameen Bank lend two billion dollars,  
D. others in the group. In the last twenty years, the Grameen Bank did lent two billion dollars,  
E. others in the group. In the last twenty years, the Grameen Bank lends two billion dollars,

Item 20.
A. and his customers have repaid 97 percent of their loans.  
B. and their customers have repaid 97 percent of their loans.  
C. and its customers have repaid 97 percent of their loans.  
D. and itself’s customers have repaid 97 percent of their loans.  
E. and our customers have repaid 97 percent of their loans.

Item 21.
A. Such results have led to the creation of similar programs.  
B. Such results: have led to the creation of similar programs.  
C. Such results have led, to the creation of similar programs.  
D. Such results, have led to the creation of similar programs.  
E. Such results; have led to the creation of similar programs.
Item 22.

Suppose the writer wants to show that lending programs similar to the one administered by the Grameen Bank have been widely accepted. Which of the following phrases, if added to the last sentence of the essay, would best achieve that goal?

A. to make credit available
B. over the years
C. around the world
D. to encourage development
E. with some variations

Item 23.

Suppose the writer had been asked to write an essay explaining the influence of the credit system developed by Muhammad Yunis on the economy of the United States. Does this article fulfill that assignment?

A. Yes, because the article explains the work of Yunis and his success since 1976.
B. Yes, because the article says that there are similar credit programs in the United States.
C. Yes, because the economic influence of the Grameen Bank is felt throughout the world.
D. No, because the article says that similar credit systems have been established but does not specifically mention the United States.
E. No, because the article is concerned with the reputation of Yunis as an economist, rather than the credit system he developed.

Item 24.

Which of the following sentences, if added at the end of the first paragraph, would best make the point that there was a need for the Grameen Bank?

A. This led to a stagnant economy in Bangladesh.
B. Other people, however, are able to overcome a lack of credit.
C. Collateral, therefore, is essential for a healthy economy.
D. Of course, there are some start-up businesses that do not need loans at all.
E. The banks, however, are able to lend their money in other countries.
Sample Passage #2
Léopold Sédar Senghor

Léopold Sédar Senghor, the Senegalese poet and statesman, leading a life of mythic proportions. Born in a small West African village in 1906, Senghor had directed a movement against French colonial rule that brought Senegal independence in 1959. Senghor served as Senegal’s first elected president from 1960 to 1980. Because of Senghor’s political influence, therefore, Senegal is today one of Africa’s most stable and affluent nations.

After World War II, Senghor has entered politics and held a number of elected positions in France and Senegal between 1946 and 1959. During this time, working ceaselessly in African independence movements, all the while it emphasizes the importance of African cultural identity. Senghor’s efforts contributed to Charles de Gaulle’s grant of national sovereignty to Senegal and other West African countries in 1959.
One legend about Senghor claims that at the moment of his birth, a tree on the ground fell and split, releasing a great spirit that entered the newborn's body. Senghor himself did not believe this story, true or not, the tale, on the other hand, gives an appropriately mythic dimension to the life of a man honored for his courageous and progressively work for the freedom of African peoples.

Item 1.

A. Léopold Sédar Senghor, the Senegalese poet and statesman, leading a life of mythic proportions.
B. Léopold Sédar Senghor, the Senegalese poet and statesman, led a life of mythic proportions.
C. Léopold Sédar Senghor, the Senegalese poet and statesman, having led a life of mythic proportions.
D. Léopold Sédar Senghor, the Senegalese poet and statesman, while leading a life of mythic proportions.
E. Léopold Sédar Senghor, the Senegalese poet and statesman, in order to lead a life of mythic proportions.

B. insight into African politicians' beliefs.
C. an illustration of one way a spirit can be released.
D. a suggestion of the admiration Senghor inspired.
E. the implication that all African myths involve nature.
Sample Passage #3

Zebra Mussel

An increasing number of lakes and rivers in the northern United States invaded

are being by a species no larger than a fingernail.

The zebra mussel probably steamed aboard a transatlantic ship sometime in the

mid-1980s from the Caspian Sea into U.S. waterways. Despite its growth was

explosive, partly because the species was preyed upon by very few native predators in

its new environment. As a consequence, the zebra mussels did find a plentiful food

supply. They eat huge amounts of phytoplankton, which tiny free-floating sea

organisms that dwell in water. Scientists are concerned when the mussels may

compete aggressively with other species that depend on the same food supply.

Being invasive, the species concerns industry, public utilities, and boat owners.

Zebra mussels cluster in huge colonies, being anchored themselves to any hard surface.

These colonies can clog your water intake pipes of electric and water treatment plants.

Fishery specialists are currently casting about and baiting their hooks to gun down
control methods that will cause the least amount of damage to water supplies and other aquatic species. Two of the alternatives exploring are interrupting the species reproductive cycle and finding a bacterium harmful only to zebra mussels.

Item 1.

A. An increasing number of lakes and rivers
B. An increasingly number of lakes and rivers
C. A number increasing of lakes and rivers
D. A number increasingly of lakes and rivers
E. An increasing of lakes and rivers

Item 2.

A. in the northern United States invaded are being
B. in the northern United States invaded have been
C. in the northern United States are being invaded
D. in the northern United States are been invaded
E. in the northern United States being invaded are

Item 3.

A. by a species no larger than a fingernail.
B. by a species no larger than, a fingernail.
C. by a species, no larger than a fingernail.
D. by a species no larger, than a fingernail.
E. by a species, no, larger than a fingernail.
Item 4.

A. The zebra mussel probably steamed aboard a transatlantic ship sometime in the mid-1980s from the Caspian Sea into U.S. waterways.
B. The zebra mussel probably steamed into U.S. waterways sometime in the mid-1980s aboard a transatlantic ship from the Caspian Sea.
C. The zebra mussel probably steamed, sometime in the mid-1980s, aboard a transatlantic ship into U.S. waterways from the Caspian Sea.
D. The zebra mussel probably steamed sometime from the Caspian Sea in the mid-1980s into U.S. waterways aboard a transatlantic ship.
E. The zebra mussel probably steamed from the Caspian Sea aboard a transatlantic ship sometime in the mid-1980s into U.S. waterways.

Item 5.

A. Despite its growth was explosive, partly because the species
B. Growth of it, explosive, partly because the species
C. It’s growth was explosive and partly because the species
D. Where its explosive growth was partly because the species
E. Once here, its growth was explosive, partly because the species

Item 6.

A. was preyed upon by very few native predators in its new environment.
B. found very few predators in its new environment.
C. found very few native predators and was seldom eaten in its new environment.
D. was preyed on by very few native predator species in its new environment.
E. was seldom eaten or preyed on by native predator species in its new environment.

Item 7.

A. As a consequence, the zebra mussels did find
B. Consequently, the zebra mussels could find
C. In contrast, the zebra mussels could find
D. In addition, the zebra mussels found
E. For example, the zebra mussels found
**Item 8.**

A. a plentiful food supply.
B. an adequate supply of plentiful food.
C. a sufficient supply of enough food.
D. sufficient plenty of adequate food.
E. plentiful food in adequate supply.

**Item 9.**

A. They eat huge amounts of phytoplankton, which tiny free-floating sea organisms that dwell in water.
B. They eat huge amounts of phytoplankton, free-floating sea organisms that are water-dwelling and tiny.
C. They eat huge amounts of phytoplankton, sea-dwelling organisms which free-floating in water.
D. They eat huge amounts of phytoplankton, tiny sea organisms that free-float in water.
E. They eat huge amounts of phytoplankton, tiny free-floating sea organisms.

**Item 10.**

A. Scientists are concerned when the mussels
B. Scientists are concerned that if the mussels
C. Scientists are concerned wherein the mussels
D. Scientists are concerned that the mussels
E. Scientists are concerned as if the mussels

**Item 11.**

A. may compete aggressively with other
B. may compete aggressively with others’
C. may compete aggressively with others
D. may compete aggressively with another’s
E. may compete aggressively with one another’s
Item 12.

A. species that depend on the same food supply.
B. species that depend on other food supply.
C. species that depend on in common food supply.
D. species that depend on simultaneous food supply.
E. species that depend on equal food supply.

Item 13.

A. Being invasive, the species concerns industry, public utilities, and boat owners.
B. The invading species concerns industry, public utilities, and boat owners.
C. The species, by its invading, concerns industry, public utilities, and boat owners.
D. The species, by its invasion, is concerning industry, public utilities, and boat owners.
E. The invasive species is being of concern to industry, public utilities, and boat owners.

Item 14.

A. Zebra mussels cluster in huge colonies, being anchored themselves to any hard surface.
B. Zebra mussels cluster in huge colonies, which can anchor themselves to any hard surface.
C. Zebra mussels cluster in huge colonies, which can anchor itself to any hard surface.
D. Zebra mussels cluster in huge colonies, which can anchor them to any hard surface.
E. Zebra mussels cluster in huge colonies, being anchored itself to any hard surface.

Item 15.

A. These colonies can clog your water intake pipes
B. These colonies can clog its water intake pipes
C. These colonies can clog their water intake pipes
D. These colonies can clog the water intake pipes
E. These colonies can clog our water intake pipes
Item 16.

A. of electric and water treatment plants. Fishery specialists
B. of electric and water treatment plants fishery. Specialists
C. of electric and water treatment plants, fishery specialists
D. of electric and water treatment plants fishery, specialists
E. of electric and water treatment plants fishery specialists

Item 17.

A. are currently casting about and baiting their hooks to gun down
B. are currently hatching plans for
C. are currently searching for
D. are currently trolling the depths of
E. are currently skimming the surface of

Item 18.

A. control methods that will cause the least amount of damage to water supplies and other aquatic species.
B. control methods that will cause the least amount of damage, most of which is difficult to repair.
C. control methods that will cause the least amount of damage to water supplies and other aquatic species (some of which are sources of food).
D. control methods, which must be approved, that will cause the least amount of damage to water supplies and other aquatic species.
E. control methods that will cause the least amount of damage (if they work) to water supplies and other aquatic species.

Item 19.

A. Two of the alternatives exploring are
B. Exploring, two alternatives are
C. Two being explored are alternatives
D. Two are explored alternatives, being
E. Two alternatives being explored are
Item 20.

A. interrupting the species reproductive cycle and finding a bacterium harmful only to zebra mussels.
B. interrupting the species' reproductive cycle and finding a bacterium harmful only to zebra mussels.
C. interrupting the species reproductive cycle and finding a bacterium harmful only to zebra mussels.
D. interrupting the species' reproductive cycle and finding a bacterium harmful only to zebra mussels.
E. interrupting the species's reproductive cycle and finding a bacterium harmful only to zebra mussels.

Item 21.

Suppose the writer wishes to add a sentence after paragraph 1 that will both serve as a transition to the rest of the essay and explain the importance of the information in the paragraphs that follow. Which of the following sentences most effectively fulfills that purpose?

A. The zebra mussel will provide a difficult challenge for public utility managers.
B. The zebra mussel is only the latest in a series of immigrant species to thrive in the U.S.
C. No one knows how far south and west the zebra mussel is likely to spread, but scientists think they may be on the trail of important clues.
D. Although small in size, the zebra mussel may become a huge problem for pleasure boat owners in North American waterways.
E. Despite its size, however, the zebra mussel may have a dramatic effect on North American waterways.

Item 22.

If the writer wished to add at the end of the essay a paragraph expanding the discussion of these two alternatives, which of the following sentences would provide the most appropriate introduction?

A. Many strains of bacteria populate the sea.
B. The zebra mussel's method of reproduction is similar to that of the oyster.
C. Ideally, these two methods could be used in combination to control the mussel.
D. Some scientists hope there is a bacteria that can damage the reproductive cycle of the species.
E. Fishery specialists are not working alone to resolve this problem; laboratories are involved.
