

Measure 4: Ability of Completers to be Hired in Education Positions for Which They Have Been Prepared

Initial Follow-Up Survey 2023-2024

The Follow-Up Survey provides an important source of data regarding employment in teaching positions. A follow-up survey was electronically distributed to the 9 graduates. The aim was to track employment statuses 12 months post-graduation. Nine graduates completed the Follow-up Survey for Graduates for a 100% response rate.

Employed in the education field:

78% of the Grambling State University College of Education Curriculum and Instruction Department Completers that responded indicated that they were **employed in their education field**.

Employment Status:

78% of the Grambling State University College of Education Curriculum and Instruction Department Completers that responded indicated that they were **employed full-time**.

Enrolled in a Graduate/Professional degree Program

11% of the Grambling State University College of Education Curriculum and Instruction Department Completers that responded indicated that they were **attending college to earn an advanced degree**.

The table attached will show the percentages of the initial completers who were employed in their area of certification for the last three academic years.
