Disability Services for Students

Grambling State University maintains the Office of Disability Services for Students (DSS) to help assure compliance with the rules and regulations set forth by various congressional acts, i.e., the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) 1990. This office has created an atmosphere of opportunity by providing services and mediating considerations for students.

The primary goal of the Office of Disability Services for Students is to ensure access for students with documented disabilities. We encourage students to take control of their own learning and to discuss the means for arranging types of appropriate support. In addition, we serve as an advocate for students in determining appropriate considerations.

The Office of Disability Services is located in the GSU Student Counseling Wellness and Resource Center, it is recommend that you read the handbook located on the GSU webpage, as it will be a useful reference throughout college and beyond or visit and/or call the center on campus 318-274-3277.
