Transitional Return to Work Policy

PURPOSE/OBJECTIVE

To ensure the safe and expedient return of Grambling State University employees with job related injuries and illnesses to transitional or regular employment, and to comply with R. S. 39:1547, which requires creation of a return to work program.

<http://www.gram.edu/faculty/policies/docs/53038-Transitional%20Return%20to%20Work%20Policy.pdf>

Transitional Return to Work Policy

The Transitional Duty Program has been established to ensure that the university makes a concerted effort to return employees to productive and meaningful assignments. This program allows an employee to be assigned to light/restricted duty for a temporary period (One year or until the employee reaches MAXIMUM MEDICAL IMPROVEMENT, whichever is less).

Safety and Risk Management

<https://www.gram.edu/offices/safety/>

- Blood Borne Pathogens
- Defensive Driving
- Drug Free Workplace

Blood Borne Pathogens

- Policy to protect employees from anticipated exposures to bloodborne pathogens.
 - Training on the GSU Bloodborne Pathogens Exposure Control Plan is required for all employees upon employment and every three (3) years afterwards. Annual training is required for those employees who may be reasonably anticipated to come into contact with blood or other potentially infectious material. This group includes nurses, athletic trainers, police officers, custodians, facility repairman, plumbers, laborers, and laboratory assistants/technicians

Drug Free Workplace

PURPOSE/OBJECTIVE

To create an environment that promotes and reinforces healthy, responsible living within the context of its educational mission.
