## Workplace Safety Attitudes

### Definition - What does *Workplace Safety Attitudes* mean?

Workplace safety attitudes refers to the employee tendency to respond positively or negatively towards a safety goal, idea, plan, procedure, prevention or situation. Safety attitudes influence employee choice of actions and response to challenges, incentives and rewards in the workplace. Positive workplace safety attitudes are essential for an accident free work environment that ensures higher efficiency, best quality, saves budget on cost of accident, raises employee morale, business profit and goodwill.

On the contrary, a negative workplace safety attitude increases cost of production, turnover rate, and reduces employee safety, morale, quality, profitability and business goodwill.
