

Policy # 63004

ETHICS AND SPORTSMANSHIP

Effective Date: August 1, 2020

Reviewed Date: June 22, 2022

Responsible Office: Recreation/Intramural Sports

Division: Student Affairs

I. PURPOSE/OBJECTIVE

To promote and practice good sportsmanship and ethics toward others during recreational/intramural activities.

II. STATEMENT OF POLICIES

- A. Good sportsmanship is vital to the conduct of each contest in every activity. The spirit and intent of the rules are self-evident. Violations are most likely to occur when individuals and organizations misapply the rules to gain an unfair advantage. If violations do occur, the staff reserves the right to take immediate corrective action. Further, student employees are providing a valuable service and under NO circumstances should student employees be either verbally or physically abused.
- B. Each participant should always strive to demonstrate good sportsmanship during recreation/intramural sports competition. The supervisor(s) and official(s) may take the following action: give warnings, eject from the activity or game, eject from the area, or suspend from the activity or game. All actions except warnings will be reported to the Recreation/intramural Sports Director for further rulings.
