

As a SACSCOC regionally accredited institution, Grambling State University has created a Quality Enhancement Plan, which seeks to produce effective, competent, and confident oral communicators.

Top 5 Things to Know About The QEP

1. The QEP will improve student learning through the development of foundational oral communication skills.
2. The QEP will create a Communication Facilitation Lab (CFL) which will be available to all students irrespective of classification or major.
3. The QEP will be infused in the First Year Experience curriculum.
4. The QEP will impact student and faculty development across curriculums.
5. The QEP will directly impact students, faculty, and the community by providing long-term resources and support both in and outside the classroom.
