The Living Learning Communities (LLCs) at GSU are designed to provide students the opportunity to connect with others who share common academic and personal interests. As part of the First Year Experience, the LLCs will help connect students with resources to support success in the first year and beyond.

Living Learning Communities at
Grambling State University

LLC Offers:

- Opportunities to live and study with students who share your interests
- Tutors and mentors to show you the ropes and connect you to GSU
- Workshops and programs to promote your academic and personal success
- On-site tutoring, classes, and success workshops
- Activities and programs that integrate academic and social experience

Goals : For Students

- To improve the academic success and retention rate of students
- To create a positive peer culture where respect, support, and values regarding learning are reinforced

For Faculty and Administration

- To create a positive culture for faculty engagement that promotes mutual support and stronger relationships
- To promote a supportive administrative culture
