

Louisiana Public Records Law (LSA R.S. 44:11) allows each employee of a public agency to request that his home address, social security number and telephone number be maintained as confidential and not subject to public inspection. If you elect not to make this request, your home address, social security number and telephone number will be subject to public inspection and Grambling State University will be required to provide this information to any person over the age of 18 years who makes the appropriate request.
