

OASDI DEDUCTION-CONTRIBUTIONS

I have been advised that according to applicable Federal and State Law, I will contribute to **OASDI (Old Age Survivors Disability Insurance)** and the employer will also contribute to same as a condition of my current employment status or age limitation. The employee contribution tax as of 7/1/92 is **6.2%** and this is subject to change per Department of Treasure regulations.

I further signify that if I have any question(s) in this regard, that I will contact the Human Resources/Payroll Office as soon as same arises.

I understand it is my sole responsibility to notify Human Resources if my status so changes whereby I become an active contributing member of Louisiana State Employees Retirement System, Teachers' Retirement System of Louisiana or Optional Retirement Plan of Louisiana. Any such change would immediately cause this agreement to change.

MEDICARE COVERAGE

I have been informed by the Human Resource staff that a 1.45% tax will be deducted from my paycheck each payroll period for Medicare coverage as required by Public Law 99-272 – signed by President Reagan on April 7, 1986.
