

Department of Residential Life / Student Housing

PRE-HOUSING IS MOVING ONLINE!

In our ongoing efforts to provide a more flexible and convenient campus experience for our students, the Office of Residential Life & Housing is excited to announce that the **Fall 2018 Pre-Housing Process, is moving strictly online!**

Beginning Monday, February 19, 2018 at 9:00am, students who intend to keep their same spaces, will be able to login to Banner Web and complete the “Same Room Pre-Housing Application”.

Once the “Same Room Pre-Housing” Process ends at 11:59pm on Wednesday, February 21, 2018, the Residential Life Team will conduct a review of all remaining spaces.

Following that review, on or around Friday, February 23, 2018, a listing of the number of “Highly Preferred Locations” will be released to assist students in planning for **“Different Room Pre-Housing”** which will begin, **ONLINE ONLY (More details coming soon)**, at 9:00am Monday, February 26, 2018.

Pre-Housing Applications will be time stamped, and the Office of Residential Life & Housing will make manual room assignments in that order, and, based on the listed student preferences and availability of those preferences.

Online Pre-Housing will replace the previous system of students having to line up outside to select housing. You will now have the freedom and convenience of applying for housing, ONLINE!

Please continue to monitor your official GSU Email, official social media outlets, www.gram.edu, and updates from your Residence Hall Staff, for more details and information.
