Living on-campus puts you in the center of everything! You'll be living just steps away from classrooms, faculty offices, dining facilities, and other campus buildings like the Favrot Student Union, Eddie G. Robinson Museum and the Fredrick C. # CAMPUS LIVING STAFF

The Office of Campus Living & Housing is made up of critical staff members.

The **Area Coordinator** is a full-time professional staff member who is responsible for the management and supervision of multiple residential areas including all student staff (Resident Assistants and Senior Resident Assistants) assigned to those areas. Their role is to ensure that the day-to-day operations of the residence halls are conducive and supportive of the educational goals of the resident.

The **Graduate Assistant (GA)** is responsible for ensuring the successful management of a residence hall that reflects the department's vision, mission and diversity statements, as well as the University's academic and educational goals. Specific hall responsibilities are based on individual hall needs but GA's will be responsible for: staff supervision, hall government advisement and providing leadership of a safe living and learning that supports student engagement and success.

The first staff member you will meet will be your **Resident Assistant (RA)**. An RA is assigned to each floor in your residence hall to aid you whenever possible. Each RA is selected for leadership, experience, training, scholarship, and desire to help students. As a member of the Housing Staff, the Resident Assistant has a variety of responsibilities. Your Resident Assistant serves as a great resource person to direct you to professional staff for further assistance with specific challenges you may face as a student. The RA is responsible for working with the Area Coordinator and University Police in developing an effective method of enforcement of the floor, hall, and university regulations. The RA also develops community by hosting programs in the residence halls.

The **Community Assistant** is responsible for the upkeep of the physical environment in the residence facilities. As a member of the Housing Staff they perform specific locksmith duties which include replacing key cards, fixing doors and replacing door batteries.

The **Tiger Temp** is responsible for the upkeep of the physical environment in the residence facilities. As a member of the Housing Staff they perform specific locksmith duties which include replacing key cards, fixing doors and replacing door batteries.

## Community Living

Being a member of a community brings a set of rights as well as responsibilities. We encourage residents to seek active roles in their community as a leader, student, and peer. Each resident is expected to become familiar with his or her rights and responsibilities (outlined in University Handbook the GSU Code of Student Conduct) so the on-campus experience will be of greatest benefit to all. By assuming joint responsibility for these policies, we are able to work together as a community to build a great place to live.

## Getting to Know Your Roommate

Making the most of living in your new residence hall or apartment community starts with getting settled in and getting to know your roommate. Begin by discussing with your roommate your ideas, feelings, backgrounds, and opinions on sharing responsibilities in the room. Be clear about what you want and work on a compromise. Establishing healthy roommate relationships is the first step in becoming part of the larger residence hall or apartment community. In the event of roommate disagreement, the Roommate Agreement form provided by your RA who will assist you in the process. These agreements serve as a conversational starting point and should be revisited frequently as relationships with your roommate grow.

## Appreciating a Diverse Communities

The Office of Campus Living is committed to providing a community that is accepting of students and staff of different backgrounds, racial and ethnic identities, religious beliefs, sexual orientation, age, physical abilities or other aspects of identity. We shall serve as an advocate for diverse interactions of our residents, guests, and staff. All members of our community are responsible for supporting an atmosphere that appreciates individual differences and recognizes each person's unique contribution to the university. We believe that our students can only achieve their full development as citizens with an environment that supports and promotes the ideas of an inclusive community. Campus Living takes a proactive approach to protect our diverse community by providing educational programming that addresses topics of diversity and social justice.

## **Hall Standards**

The Office of Campus Living & Housing's purpose is to provide accommodations and experiences, which will complement each student's academic experience. To be successful, the Department endorses a system of order to promote academic development, social maturity, spiritual enrichment, and personal improvement. Students are responsible for regulations outlined in this bulletin, in the Grambling State University Student Handbook, notices sent to their rooms, and in-floor, hall meetings and social media. Residential Hall Meetings are MANDATORY. Publicity for meetings is posted 48 hours prior to the meeting. Missing meetings will result in a \$25 fine. In the event a resident fails to attend a hall meeting, he/she must present proper documentation to their Area Coordinator within 48 hours of the hall meeting in order to prevent the \$25.00 fine as well as receive the information that was given during the hall meeting.

## **Programming**

The Office of Campus Living is committed to enhancing your total college experience. The purpose of programming is to promote your personal and academic growth. We provide a variety of opportunities for you to get the most from the time you spend outside the classroom. The overall goal is to help you succeed academically and personally while in college and to prepare you for life after graduation.

## **Board of Trustees Policy**

In compliance with the Louisiana Board of Trustees resolution, it is the policy of the University that all unmarried, full-time, undergraduate students with less than 60 hours, regardless of age or whether or not emancipated, will be required to live in university housing as long as space is available. GSU does not offer family housing. Students found violating this policy will be required to move into the residence hall system and pay full room rent for the semester in which the violation occurred. Applications for consideration of the exemption from the on-campus residency requirements may be submitted in your MY HOUSING portal. Applications must be submitted at least two weeks prior to the first day of registration for the semester of the application in order to ensure full consideration before registration. Action taken on applications received on time will be emailed no later than five days prior to the first day of registration for the semester.

Residence hall accommodations are operated on a room and board plan: all undergraduate students living in the residence hall system must pay for the two services.

You must remain in the same room during the academic year unless you request a room change at the Campus Living & Housing Office or unless the room is unavailable due to repairs, renovations, closure, disciplinary relocation, or consolidation. New residents are assigned a room on the basis of the date of admission and completed application, along with the required housing deposit. "New" assignments for each Fall semester are made after current returning residents are given the opportunity to apply for a room(s). Roommate requests for new students must be mutual and made by the time room assignments are made. Roommate requests are not guaranteed. All assignments are made according to these priorities.

- Any students (vaccinated or not) who report symptoms of COVID-19 must complete a COVID-19 Screening Form immediately, isolate for 10 days either at home or at the designated area on campus and obtain testing from a Foster Johnson clinician, testing site on campus or at a testing site at home. COVID-19 testing will be offered Monday through Friday by the Foster Johnson Health Center and the National Guard.
- Students requiring isolation or quarantine will immediately do so in adherence to CDC guidelines either at home or at the designated area on campus.

## **Students will be required to quarantine/isolate according to the following updated current CDC recommendations:**

- Vaccinated students who are exposed to COVID-19 and remain asymptomatic:
  - If no symptoms develop, testing and quarantine are required for vaccinated individuals. A person should continue with daily health checks/monitoring. Monitoring of symptoms should be continued for 14 days.
  - If symptoms develop during the self-monitoring period, the student should complete the COVID-19 Screening Form immediately, self-isolate, and contact your professors.
- Unvaccinated students who are exposed to COVID-19 and remain asymptomatic:
  - Complete the COVID-19 Screening Form immediately and await a Foster Johnson Health Center for guided directives.
  - Notify your primary care provider of your symptoms.
  - Notify your professor immediately.
  - Start the 14-day quarantine protocol and do not come to campus until cleared to do so by your PCP and Foster Johnson Health Center.
  - Quarantine may be ended after 14 days providing you remain asymptomatic. The student in the quarantine may return to campus once cleared by their primary care provider or Foster Johnson Health Center.
  - Note: If symptoms develop or one tests positive during the quarantine period, the student should immediately self-isolate and contact Foster Johnson Health Center.
  - COVID-19 PCR testing is recommended on days 5-7 after the date of initial exposure.

- Vaccinated and Unvaccinated students who develop symptoms of COVID-19 or are diagnosed with the COVID-19 virus, and/or test positive for COVID-19:
  - Complete the COVID-19 Screening Form immediately and await a SHAC clinician to contact you for guided directives.

    - If the test is positive, isolation may be ended after 10 days if at least 24 hours have passed without a fever of 100.4 or greater (without the use of fever-reducing medications), and other symptoms are improving. If severe illness occurs, isolation should continue until symptoms have improved and the individual is cleared by their primary care provider and a SHAC clinician to return to campus.
    - If the test is negative: individuals must continue to isolate for 10 days. Isolation may be ended after 10 days if at least 24 hours have passed without fever of 100.4 or greater (without the use of fever-reducing medications).
- Students needing quarantine or isolation may do so either at home or at the designated area on campus.
- Students residing on campus for quarantine or isolation who experience worsening symptoms will be sent to the Regional Hospital for evaluation and treatment.

- Students in quarantine who remain on campus will be provided a single bedroom with necessary support services provided such as daily meal delivery, internet access, a, and Foster Johnson TeleHealth checkups.

### **Contact Tracing and Additional Testing**

- Further testing will be recommended for all unvaccinated close contacts of students diagnosed with or symptomatic for COVID-19. It is critical for all individuals to cooperate with the contact tracing process, in order to assure notification of potentially exposed individuals and reduce the likelihood of the spread of the illness.

In addition, students are subject to University disciplinary actions and removal from University housing as well as possible criminal prosecution. The resident is responsible for all damaged items in his or her room not reported on the Check-In/Check-Out form given to the resident at check-in. Repair and replacement costs can be substantial. Department administrators determine the actual repair or replacement costs. Only the Department can authorize repairs or modifications in the residence halls. Damages, intentional or unintentional, that occur during the school year will be the responsibility of the residents of the room/suite. Residents are responsible for damages to college property that may be caused by them or by their guests. ### **E-mail**

Residents are responsible for reading all communication sent to their Grambling email account by Campus Living. All on-campus residents should check e-mails daily.

### **FACILITIES/OPERATIONS**

Two important components of residence living are housekeeping and maintenance. The Office of Campus Living & Housing works closely with the university's Facility Management. The department reports necessary repairs and conditions routinely and upon residents' request. Maintenance and housekeeping requests for Tiger Village, Traditional, Steeple's Glen should be submitted by placing a [work order here](#) or call **318.247.0313**. For after hour emergencies call **318.247.0313**.

### **Heating and Air Conditioning System**

The heating and air conditioning systems in the traditional residence halls do heat and/or cool the buildings; however, should a maintenance issue occur, residents should contact their resident assistant, area coordinator, or log on to [www.gram.edu](http://www.gram.edu), click on Facilities I - Service Desk, then click submit housing/maintenance request, then submit.

The system used in the traditional residence halls allows three options: cooling, heating or off. Heating and cooling systems cannot operate simultaneously (as in our homes for example), and changing from one system to the other is an involved process. The Facilities Management Department maintains contact with the weather bureau in an effort to determine when the weather has stabilized to the point where heating/air conditioning systems can be exchanged.

Your cooperation and understanding during these in-between periods will be appreciated. Apartment-style facilities such as Steeple's Glen, and Tiger Village provides more modern heating/cooling options.

## Housekeeping

Custodial Services are provided a minimum of five days a week, Monday through Friday. The Facilities Management Department employs custodians in each traditional hall who maintain the cleanliness of the common areas: community baths, hallways, and lounges. West Campus residents must remove their personal items from countertops and shower area in order for them to be cleaned by the housekeeping staff. Residents are responsible for cleaning their own rooms. In suite-style and apartment-style halls, students must maintain their own bathroom and common space. Failure to do so may result in judicial referrals, fines and/or removal from the residence hall.

Molds are found in virtually every environment, according to the Centers for Disease Control and Prevention, and mold and mildew can thrive in warm, humid places. The task force, comprised of a 15-member panel of health, housing, academia and regulatory designees from state agencies and universities across Louisiana, formed in response to House Bill 802 / Act Number 258 of the 2014 regular legislative session. It was charged to study and develop comprehensive policies and to promote best practices concerning the mitigation of toxic mold and the adverse health effects related to mold exposures. Moisture control, proper use of thermostats to allow for air circulation, and good housekeeping practices are necessary to control mold growth.

## How to Prevent Mold and Mildew

General good housekeeping practices (vacuum floors, wipe down counters, clean up spills, wipe the inside and outside of refrigerators, wipe down the inside and outside of tubs and showers, etc.) should be shared by all roommates to help reduce the potential for mold growth.

To help prevent the growth of mold and mildew in residential spaces, it is essential that resident students do the following:

Keep windows closed

- Set thermostats between 69 to 72 °F
- In suites and apartments, keep bathroom doors closed while showering (once done leave bathroom door open for proper ventilation)

- Keep air vents unobstructed
- Hang wet towels or clothing to allow them to dry
- Keep all surfaces, furniture and clothing dry
- In suites and apartments, routinely clean bathroom areas to prevent the growth of soap scum or buildup of mildew (Community bathrooms are cleaned daily and deep cleaned monthly by custodial staff)
- Report any water problems (leaks, dripping faucets, wet carpet, drips heard behind the air intake cover, etc.) immediately by submitting a Work Order Request to [housingworkorders@gram.edu](mailto:housingworkorders@gram.edu).

### **How to Respond if you see Mildew or Mold:**

If you see a little pink substance around the bottom of your shower curtain, a little black substance on your windowsill or other possible mold growth, don't panic. Mold or mildew growth is generally not a cause for concern unless you have been identified as someone with asthma or severe allergic reactions to mold.

1. To prevent further growth, clean the area with hot soapy water or use one of the many quaternary-ammonium-based cleaners commonly available as soon as you see the first signs of mold or mildew.
2. Check the area to determine if the housekeeping practices listed above are not being followed or should be improved. Not following these guidelines may cause excess moisture to build up inside residential spaces and lead to the growth of mold or mildew.
3. Check the area to see if there is a leak or a maintenance issue causing the excess moisture and if so, submit a Work Order Request immediately. For your own safety and to prevent unnecessary damage to University property, students should never attempt to perform maintenance tasks on their own.

Keep in mind that cleaning just once will not result in never having to clean that same area again. Regular cleaning is necessary to prevent mold.

### **How the University Responds to Mildew and Mold:**

If students have followed the guidelines above and continue to see excessive mold or mildew growth or if they feel that a mechanical issue is the cause, submit a Work Order Request.

Appropriate staff will determine the cause of the persistent moisture issue and take measures to correct the problem as quickly as possible (within 24 hours).

## Maintenance

Routine inspection and repairs are made on a regular basis. A resident may report/request maintenance services by calling 318-247.0313 or by emailing [housingworkorders@gram.edu](mailto:housingworkorders@gram.edu). Requests for service are reviewed by Campus Living and prioritized with safety being the primary concern.

\*Notify CH&H about any maintenance problems-plumbing, electrical, heating/air conditioning- in your room or on your floor. Emergency maintenance situations should be reported to staff or the Campus Living & Housing Office immediately. These reports are processed through the I-Service Desk.. Should a maintenance/plumbing issue occur due to the resident a fine will be assessed to the student's account.

## Emergencies

For emergencies—fires, bomb scares, or any other emergency situations—students should notify University Police and/or a Department staff member immediately.

**University Police can be contacted at (318)274-2222.**

# Fire Safety

If a fire alarm is sounded, remain calm but YOU MUST LEAVE THE THE BUILDING AS QUICKLY AS POSSIBLE. Students should not re-enter the building until Housing or University official has instructed you to do so.

Fire drills are conducted each semester. Should a student fail to comply with the fire drill, the students account will be assessed a fine of \$500.00. The burning of incense of any kind is not permitted in the residence halls. These items are considered a safety risk and will be immediately confiscated and discarded if found and will result in a fine. Additionally, fireplace usage is PROHIBITED. Any student found in violation will be fined and referred to Judicial Affairs.

## Tampering with Fire Equipment, False Alarms

Student (s) responsible for discharging fire equipment, tampering with alarm horns, smoke detectors or false fire alarms shall be referred to the Office of Student Conduct and may also be prosecuted through the criminal courts and are subjects to fines and monetary penalties as mandated by the State of Louisiana. State fire code prohibits the burning of incense or candles in rooms, suspending items from room ceilings and sprinklers. Any item with an open heating element or that exceeds specified wattage is prohibited within the residence hall. All fire violations result in a mandatory judicial processing, which may include monetary charges, fire education seminar and/or community service.

In the event of a fire or other emergency please remember the following steps to safely evacuate the building:

1. Pull the fire alarm if it has not already sounded, so that everyone will be alerted of the need to evacuate the building. If the fire alarm has sounded, begin evacuation of the building.
2. All building occupants must exit the building at the nearest exit to the room that they are in. If the nearest exit is blocked due to fire or an emergency, the next safest exit should be used.
3. The last occupant of each room should shut the door to the room. This will help prevent fire and smoke damage to the room.
4. Contact a Campus Living staff member, the University Police at 318-274-2222 or dial 911, once you are safe.

5. Once you have evacuated the building please go to the designated assembly area for your building, if it is safe to do so (buildings may have more than one designated assembly area).
6. A Residential Life staff member must account for all of their residents after the evacuation. If a person is thought to be missing then you should tell emergency personnel (fire, police, safety, etc.) as soon as possible. Tell the emergency personnel the name of the missing person and the probable location in the building. Try to confirm that the person is actually missing. Make sure that they did not come out of a different exit. If possible make sure that their car is still in the parking lot. If the person is located, tell emergency personnel immediately so that they do not risk their lives looking for this person.
7. No one is allowed to re-enter the building until the fire dept., police, safety, or other qualified personnel confirm that the building is safe to re-enter.
8. Once the evacuation is completed a Residential Life/Housing staff member will complete and submit a fire drill/ building evacuation

## **Smoke Detectors**

Each residence hall room is equipped with a smoke detector. Periodically, campus living hall staff members and licensed technicians will test the smoke detectors to insure they are functioning properly. (If there is a problem with the smoke detector in your room, please notify a campus living staff member immediately). Do not tamper with the smoke detector or any fire prevention equipment at any time. Students, who tamper with fire prevention equipment are fined \$500 and referred to the Office of Student Conduct. Students may also incur additional penalties as mandated by the State Fire Marshall and may be recommended for removal from University Housing. Residents that reside at GSU West Campus must contact the housing staff when smoke detectors sound.

## **Sprinkler System**

Tiger Village is equipped with sprinkler heads. These heads are designed to provide you with safety from a fire in your room or residence hall. Students should not hang anything on the sprinklers, this may cause it to activate.

## **Severe Weather and Tornadoes**

In the event a tornado is reported or sighted, all persons within the residence halls should move to a safe area. Action should be taken to prevent personal injury from falling objects or flying debris. Inner hallways, enclosed stairwells or lobbies (without glass) are suggested areas of safety.

- 1st floor residents, move to the 1st floor hallways in Jewett and Jeanes Halls
- Bathroom in the rooms of Tiger Village, Hunter, Robinson, Garner, Steeple's Glen, Richmond, and GSU West Campus.

## **Bomb Threats**

If you receive a bomb threat or any other type of threatening telephone call, you should remember the following:

1. Remain calm.
  2. Attempt to identify background noises such as traffic sounds, machinery running or voices which may assist in determining the location of the caller.
  4. Attempt to identify caller's voice. Is it female or male, high or low pitch, heavy or light accent or no accent at all?
  5. If bomb threat, ask what TIME the bomb is scheduled to detonate, the location of the device, and the REASON for the placement of the bomb. Write down the above details for Grambling State University Police and, above all, DO NOT HANG UP THE TELEPHONE.
- Notify the appropriate supervisor.
  - Notify the Grambling State University Police Department at
